

WRIGHTSLAW

Parents, educators, advocates, and attorneys come to [Wrightslaw](#) for accurate, reliable information about special education law, education law, and advocacy for children with disabilities. [Wrightslaw programs](#) are designed to meet the needs of parents, educators, health care providers, advocates and attorneys who represent children with disabilities regarding special education. The program is not disability specific.

A day can make all the difference in a student's education. Knowing the law is the first step toward the educational experience every child deserves. Step two is knowing your rights and how to advocate for them.

Peter Wright's one day program is clear, concise and comprehensive, and the books are invaluable resources.
