Agency Contact: Melissa Smith, Coordinator of Administrative Services, Department of Education, P.O. Box 2120, Richmond, VA 23218-2120, telephone (804) 371-0524, or email melissa.smith@doe.virginia.gov.

Basis: Section 22.1-214 of the Code of Virginia requires the Board of Education to "prepare and supervise the implementation by each school division of a program of

special education designed to educate and train children with disabilities" between the ages of two and 21, inclusive. The program developed by the Board of Education must "be designed to ensure that all children with disabilities have available to them a free and appropriate education." Section 22.1-16 of the Code of Virginia authorizes the Board of Education to "promulgate such regulations as may be necessary to carry out its powers and duties...."

When implementing a program of special education services, Virginia must comply with the federal requirements outlined in the Individuals with Disabilities Education Improvement Act of 2004 (IDEA 2004), and its federal implementing regulations, at 34 CFR Part 300, to continue to be eligible for federal special education funding. In 2007-2008, Virginia expects to receive \$273.1 million in federal special education funding.

Purpose: The revision of these regulations is essential to protect the health, safety, and welfare of students with disabilities in Virginia. By ensuring that Virginia's state special education regulations are aligned with federal requirements, VDOE will ensure that students with disabilities in the Commonwealth have available a free appropriate public education and are afforded the procedural safeguards guaranteed by federal law.

The revision process will also strive to ensure consistency by incorporating requirements of the Code of Virginia and other regulations that apply to the provision of special education in Virginia, and strive to clarify areas of ambiguity from the previous set of regulations.

Finally, the revision of the state special education regulations is required to ensure compliance with the IDEA 2004, and with its federal implementing regulations, at 34 CFR Part 300, effective October 13, 2006. Alignment with these federal mandates will ensure that students with disabilities in Virginia may continue to benefit from federal special education funding, which will total approximately \$273.1 million in 2007-2008.

Substance: To clarify existing areas of ambiguity and to ensure compliance with the federal requirements outlined in IDEA 2004, and its federal implementing regulations, the current regulations (8VAC20-80) are being repealed and concurrently replaced with new regulations (8VAC20-81). Substantive new changes are proposed for the following areas: (i) functions of the Virginia Department of Education; (ii) referral for evaluation; (iii) eligibility determinations; (iv) the development, review and revision

Regulations

of a student's individualized education program (IEP); (v) parentally placed private school students; (vi) discipline; (vii) procedural safeguards, including the appointment of surrogate parents and dispute resolution; (viii) local educational agency administration and governance; (ix) funding; and (x) the requirements regarding highly qualified personnel.

Issues: The proposed revisions to the state regulations governing special education are advantageous to the public, the agency and the Commonwealth in that the proposed revisions ensure compliance with changes in federal and state laws and regulations, which impact the provision of special education and related services in Virginia. Compliance with new federal mandates, as outlined in IDEA 2004 and its federal implementing regulations, will ensure Virginia's continued eligibility for federal special education funding. In 2007-2008, federal funding will provide approximately \$242.3 million in direct funding to local school divisions to support special education programs, and provide an additional \$30 million to support training and technical assistance efforts to local school divisions, and funding for compliance and monitoring activities. In addition, the proposed revisions will ensure that students with disabilities have available a free appropriate public education (FAPE) and are afforded the procedural protections guaranteed by federal law. Finally, the proposed changes incorporate recommendations to improve the state regulations governing special education, clarifying previous areas of ambiguity.

There are no identifiable disadvantages to the general public, the agency, or the Commonwealth for revising these regulations.

Public Participation: In addition to any other comments, the Virginia Board of Education is seeking comments on the following:

1. The costs and benefits of the proposal and the potential impacts of this regulatory proposal. Information may include (i) projected reporting, recordkeeping and other administrative costs, and (ii) a description of less intrusive or costly alternative methods of achieving the purpose of the regulation; and
2. Benefits and concerns of the new eligibility criteria proposed in 8VAC20-81-80, including any recommended changes or deletions to those provisions.

Anyone wishing to submit written comments may do so by mail to Melissa C. P. Smith, Coordinator of Administrative Services, Office of Dispute Resolution and Administrative Services, Virginia Department of Education, P.O. Box 2120, Richmond, Virginia 23218-2120; by fax at 804-786-8520, attention: "Regulations Revision Process"; or by email at revisespedregs@doe.virginia.gov. Staff may be

contacted by telephone at 804-225-2013. Written comments must include the name and address of the commenter. In order to be considered, comments must be received by the last day of the public comment period.

Public hearings will be held and notice of the public hearing may appear on the Virginia Regulatory Town Hall Web site (www.townhall.virginia.gov) and can be found at the beginning of this proposal. Notice of the public hearings will also be posted on the regulations website, <http://www.doe.virginia.gov/VDOE/duproc/regulationsCWD.html>, and as required by the Virginia Department of Education. Both oral and written comments may be submitted at that time.

The Department of Planning and Budget's Economic Impact Analysis:

Summary of the Proposed Amendments to Regulation. The Board of Education (Board) proposes numerous changes to the Regulations Governing Special Education Programs for Children with Disabilities in Virginia, including: 1) repealing multiple requirements and timelines regarding Child Study Committees, 2) establishing uniform for criteria special education eligibility, 3) repealing the requirement for parental consent to end special education services, 4) requiring that secondary transition services be provided to children with disabilities starting at age fourteen, 5) switching responsibility for due process staffing from the Virginia Supreme Court to the Virginia Department of Education (VDOE), 6) amending composition requirements for local advisory committees, and 7) eliminating the requirement that short-term objectives be part of Individualized Education Programs (IEP).

Result of Analysis. The benefits likely exceed the costs for one or more proposed changes. There is insufficient data to accurately compare the magnitude of the benefits versus the costs for other changes.

Estimated Economic Impact. Since these regulations were last amended approximately eight years ago, federal special education law has changed. Many of the proposed changes to the Regulations Governing Special Education Programs for Children with Disabilities in Virginia by the Board are for the purpose of reflecting current federal law and guidance from the U.S. Department of Education Office of Special Education Programs (OSEP). As federal law has changed and OSEP has issued guidance, VDOE has informed local school divisions of the applicable changes in requirements. The Commonwealth receives federal funding for special education which is passed on to local school divisions. This funding is at risk if federal law and OSEP guidance is not followed. Thus the proposed amendments to these regulations which reflect current federal law and guidance from OSEP do not in practice cause change in special education requirements.

The Board does propose numerous amendments which do not merely reflect current federal law and guidance from OSEP. The following are proposed amendments which unambiguously produce net benefit for the Commonwealth: 1) repealing multiple requirements and timelines regarding Child Study Committees, 2) switching responsibility for due process staffing from the Virginia Supreme Court to VDOE, 3) requiring that local school divisions' programs for early childhood special education just provide a schedule comparable in length to school age students rather than exactly a 5-1/2 hour day, 4) accepting an additional reputable credential source for interpreters hired by school divisions for deaf students, 5) replacing specific provisions which outlined how local school divisions were required to conduct their annual special education public awareness campaign with a single provision which requires that each local school division have procedures to document its public awareness campaign, 6) replacing the required timelines associated with screenings, and the requirement that specific measures or instruments be used during screenings with a single provision which requires each school division to have screening procedures, which include timelines, to document that children are screened in accordance with the requirements of the Code of Virginia and other state regulations, 7) adding a provision that the parent and the eligibility group may agree in writing to extend the 65 day timeline to obtain additional data for any eligibility determination, 8) amending language so that if the eligibility group determines that there is not a change in eligibility and educational needs, the IEP team is not required to convene unless the parent requests it, 9) requiring that local school divisions provide relevant parents information on dispute resolution options, 10) adding language that insures that if a child with a disability is placed in a private residential school under the Comprehensive Services Act (CSA) and his parents move from one Virginia school district to another, that there is no lapse in service and payments due to the transition, 11) repealing the requirement that school divisions and the Virginia schools (Virginia School for the Deaf and the Blind at Staunton or the Virginia School for the Deaf, Blind and Multi-Disabled at Hampton) develop contractual agreements to ensure compliance with the federal and state special education requirements, 12) specifying that special education hearing officers may not require parties to submit briefs as a condition of rendering a decision, but that the special education hearing officer may permit such a submission on the parties' request, 13) no longer requiring school divisions to develop and submit an implementation plan following the rendering of a due process decision or the withdrawal of a hearing request, 14) repealing the requirement that a surrogate parent reside in the same general geographic area as the child, 15) permitting school division staff to serve on local advisory committees while still requiring that the majority of the

committee be parents of children with disabilities or individuals with disabilities and 16) no longer requiring school divisions to submit copies of their policies and procedures, or the revision of those policies and procedures to VDOE for approval.

The following amendments proposed by the Board produce both benefits and costs: 1) limiting the provisions which previously permitted waiver of the qualifications for interpreters hired by school divisions for deaf students, 2) changing the timeline for the completion of a special education evaluation to be triggered by the receipt of parent consent rather than the receipt of the referral for evaluation by the Director of Special Education or his designee, 3) establishing uniform criteria for special education eligibility, 4) repealing the requirement for parental consent to end special education services, 5) requiring that secondary transition services be provided to children with disabilities starting at age fourteen, 6) eliminating the requirement that short-term objectives be part of IEP, and 7) requiring that local advisory committees include representation of gender and the ethnic population of the local school division.

According to the Department there have been instances where waivers have been used to employ individuals not fully capable in sign language to act as interpreters for hearing-impaired students. Consequently the Board proposes to limit the provision that permits such waivers. Some school divisions already have difficulty finding interpreters. This proposed amendment would further tighten the supply of candidates for these positions. The proposed amendment is beneficial in that hearing-impaired students will likely have fully competent interpreters more frequently. On the other hand, it will likely be more costly for some school divisions to meet the tighter standard.

Currently the 65-day timeline to complete qualification evaluation for special education services starts upon the receipt of the referral for evaluation by the Director of Special Education. The Board proposes to have the 65-day period officially start upon the receipt of parental consent rather than the receipt of the referral for evaluation. Since the evaluation cannot start until there is parental consent, in practice a long delay in receipt of parent consent can leave far less than 65 days to perform the evaluation. The proposed change will more consistently allow enough time to perform full evaluations. On the other hand, the proposal does introduce the risk of delay in starting beneficial services for some students who will qualify for special education services. This may happen either due to a gap in time between receipt of the referral for evaluation by the Director of Special Education or his designee and the subsequent request for parental consent, or due to a delay in response by the parents.

Regulations

The Board proposes establishing uniform criteria for the following disabilities: autism, deafness, developmental delay, hearing impairment, mental retardation, other health impairment, speech or language impairment, and visual impairment. Currently each school division sets its own criteria for each of these disabilities. The uniform criteria would be beneficial in that when students move between school divisions the new school division would not necessarily need to spend the time and resources to conduct a new evaluation knowing that the previous school division used the same criteria. The student would potentially be able to start receiving appropriate services sooner. The Department believes that statewide the proposed uniform criteria will not significantly increase or decrease the number of students who qualify for services for each disability. There are no clear costs to the proposed establishment of uniform criteria beyond some lost freedom for establishing criteria by the local school divisions; but if some school divisions did have criteria that somehow maximized net benefits to the students and the public better than the proposed uniform criteria, then there would be cost within those divisions from the requirement to conform to the uniform criteria.

Under current regulations parental consent must be given to end special education services. The Board proposes to allow school divisions to end special education services for individual students when they no longer qualify by the established criteria. This will allow school divisions to save time and resources spent "inappropriately," and may in fact benefit affected students by having them receive more appropriate education. On the other hand, the proposal will take away a specific parental right.

The current regulations require that secondary transition services be provided to children with disabilities starting at age fourteen. This same requirement existed in Federal law when these regulations were last amended approximately eight years ago. Since then Federal law was changed to only require that secondary transition services be provided to children with disabilities starting at age sixteen. Under the presumption that the earlier Board had intended to match Federal law when it set fourteen as the starting age for transition services, the Virginia Office of the Attorney General advised the Board and VDOE to consider the requirement for local school divisions to be that secondary transition services be provided to children with disabilities starting at age sixteen to match the new Federal law. VDOE consequently informed local school divisions that they were not required to provide transition services to 14-year old and 15-year-old students. The current Board has decided to require that transition services be provided to 14-year old and 15-year-old students as well to older special education students still in school. Thus, by choosing to not amend the current language that states that secondary transition services be provided to children with

disabilities starting at age fourteen, the Board will in actuality change the requirement for local school divisions. There are likely significant benefits to providing transition services for special education students. Insufficient information is available to determine if those benefits exceed the costs of supplying those services to 14-year old and 15-year-old students. The Department surveyed five Virginia school divisions of varying sizes regions concerning the annual costs of providing transition services to 14-year old and 15-year-old students. The following are the estimated costs: \$20,000 for School Division A, \$3,000 for School Division B, \$60,000 for School Division C, \$20,000 for School Division D, and \$600,000 for School Division E.

The Board proposes to require that local advisory committees include representation of gender and the ethnic population of the local school division. It is beneficial to include the views and knowledge from all relevant parties involves, but it may be costly to require that time and effort be expended to include individuals who may not be interested in participating. This proposal would likely create greater net benefit if it were to require instead that a good faith effort be made to include representation of gender and the ethnic population of the local school division.

None of the proposed Board amendments to the regulations produce costs that clearly outweigh the benefits.

Businesses and Entities Affected. All 132 school divisions in the Commonwealth are affected by the proposed amendments. School staff and families involved in special education will be particularly affected.

Localities Particularly Affected. All localities are affected.

Projected Impact on Employment. Several proposed amendments would result in saved staff time for school divisions, for example repealing multiple requirements and timelines regarding Child Study Committees. Other proposed amendments would demand increased staff time, for example requiring that secondary transition services be provided to children with disabilities starting at age fourteen. Overall there will not likely be a large impact on total employment if all proposals are implemented.

Effects on the Use and Value of Private Property. The proposed amendments to these regulations are not likely to significantly affect the use and value of private property in the short run. To the extent that the quality of special education instruction is improved due to changes, there may be some positive impact on the value of property produced by former students in the long run.

Small Businesses: Costs and Other Effects. The proposed amendments do not directly affect small businesses.

Small Businesses: Alternative Method that Minimizes Adverse Impact. The proposed amendments do not directly affect small businesses.

Real Estate Development Costs. The proposed amendments do not directly affect real estate development costs.

Legal Mandate. The Department of Planning and Budget (DPB) has analyzed the economic impact of this proposed regulation in accordance with §2.2-4007.04 of the Administrative Process Act and Executive Order Number 36 (06). Section 2.2-4007.04 requires that such economic impact analyses include, but need not be limited to, the projected number of businesses or other entities to whom the regulation would apply, the identity of any localities and types of businesses or other entities particularly affected, the projected number of persons and employment positions to be affected, the projected costs to affected businesses or entities to implement or comply with the regulation, and the impact on the use and value of private property. Further, if the proposed regulation has adverse effect on small businesses, §2.2-4007.04 requires that such economic impact analyses include (i) an identification and estimate of the number of small businesses subject to the regulation; (ii) the projected reporting, recordkeeping, and other administrative costs required for small businesses to comply with the regulation, including the type of professional skills necessary for preparing required reports and other documents; (iii) a statement of the probable effect of the regulation on affected small businesses; and (iv) a description of any less intrusive or less costly alternative methods of achieving the purpose of the regulation. The analysis presented above represents DPB's best estimate of these economic impacts.

Agency's Response to the Department of Planning and Budget's Economic Impact Analysis: The agency agrees with the economic impact analysis done by Department of Planning and Budget. The agency will continue to examine the economic and administrative impact of the regulations as they progress through the Administrative Process Act process.

Summary:

The proposed action makes substantive changes to the Regulations Governing Special Education Programs for Children with Disabilities in Virginia. In a concurrent action, the Board of Education proposes to repeal the text of the current regulations (8VAC20-80) and promulgate new regulations (8VAC20-81). Substantive new changes are proposed for the following areas: (i) functions of the Virginia Department of Education (VDOE); (ii) referral for evaluation; (iii) eligibility determinations; (iv) the development, review and revision of a student's individualized education program (IEP); (v) parentally placed private school students; (vi)

discipline; (vii) procedural safeguards, including the appointment of surrogate parents and dispute resolution; (viii) local educational agency administration and governance; (ix) funding; and (x) the requirements regarding highly qualified personnel.

CHAPTER 81

REGULATIONS GOVERNING SPECIAL EDUCATION PROGRAMS FOR CHILDREN WITH DISABILITIES IN VIRGINIA

Part I

Definitions

8VAC20-81-10. Definitions.

The following words and terms when used in this chapter shall have the following meanings, unless the context clearly indicates otherwise:

A child with a disability whose 22nd birthday is after September 30 remains eligible for the remainder of the school year. "Assistive technology service" means any service that directly assists a child with a disability in the selection, acquisition, or use of an assistive technology device. The term includes: (34 CFR 300.6)

4. Coordinating and using other therapies, interventions, or services with assistive technology devices, such as those associated with existing education and rehabilitation plans and programs;
5. Training or technical assistance for a child with a disability or, if appropriate, that child's family; and
6. Training or technical assistance for professionals (including individuals providing education or rehabilitation services), employers, or other individuals who provide services to employ or are otherwise substantially involved in the major life functions of that child.

"At no cost" means that all specially designed instruction is provided without charge, but does not preclude incidental fees that are normally charged to students without disabilities or their parent(s) as part of the regular education program. (34 CFR 300.39(b)(1))

"Autism" means a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age three, that adversely affects a child's educational performance. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences. Autism does not apply if a child's educational performance is adversely affected primarily because the child has an emotional disturbance. A child who manifests the characteristics of autism after age three could be diagnosed as having autism if the criteria in this definition are satisfied. (34 CFR 300.8(c)(1))

"Behavioral intervention plan" means a plan that utilizes positive behavioral interventions and supports to address behaviors that interfere with the learning of students with disabilities or with the learning of others or behaviors that require disciplinary action.

"Business day" means Monday through Friday, 12 months of the year, exclusive of federal and state holidays (unless holidays are specifically included in the designation of business days, as in 8VAC20-81-150 B 4 a (2) (34 CFR 300.11)

"Calendar days" means consecutive days, inclusive of Saturdays and Sundays. Whenever any period of time fixed by this chapter shall expire on a Saturday, Sunday, or federal or state holiday, the period of time for taking such action under this chapter shall be extended to the next day, not a Saturday, Sunday, or federal or state holiday. (34 CFR 300.11)

"Career and technical education" means organized educational activities that offer a sequence of courses that: (20 USC §2301 et seq.)

"Change in identification" means a change in the categorical determination of the child's disability by the group that determines eligibility.

"Change in placement" or "change of placement" means when the local educational agency places the child in a setting that is distinguishable from the educational environment to which the child was previously assigned and includes: (34 CFR 300.102(a)(3)(iii), 34 CFR 300.532(b)(2)(ii) and 34 CFR 300.536)

2. The student is subjected to a series of removals that constitute a pattern because they cumulate to more than 10 school days in a school year, and because of factors such as:
 - a. The length of each removal;
 - b. The child's behavior is substantially similar to the child's behavior in previous incidents that resulted in the series of removals;
 - c. The total amount of time the student is removed; or
 - d. The proximity of the removals to one another.

"Chapter" means these regulations.

"Charter schools" means any school meeting the requirements for charter as set forth in the Code of Virginia. (§§22.1-212.5 and 22.1-212.15 of the Code of Virginia; 34 CFR 300.7)

"Child" means any person who shall not have reached his 22nd birthday by September 30 of the current year.

"Child with a disability" means a child evaluated in accordance with the provisions of this chapter as having mental retardation, a hearing impairment (including deafness), a speech or language impairment, a visual impairment (including blindness), a serious emotional disturbance (referred to in this part as "emotional disturbance"), an orthopedic impairment, autism, traumatic brain injury, an other health impairment, a specific learning disability, deaf-blindness, or multiple disabilities who, by reason thereof, needs special education and related services. If it is determined through an appropriate evaluation that a child has one of the disabilities identified but only needs a related service and not special education, the child is not a child with a disability under this part. If the related service required by the child is considered special education rather than a related service under Virginia standards, the child would be determined to be a child with a disability. (§22.1-213 of the Code of Virginia; 34 CFR 300.8 (a)(1) and 34 CFR 300.8(a)(2)(i) and (ii)

"Cognitive disability" - see "Mental retardation."

"Collaboration" means interaction among professionals as they work toward a common goal. Teachers do not necessarily have to engage in coteaching in order to collaborate.

"Complaint" means a request that the Virginia Department of Education investigate an alleged violation by a local educational agency of a right of a parent(s) of a child who is eligible or suspected to be eligible for special education and related services based on federal and state law and regulations governing special education or a right of such child. A complaint is a statement of some disagreement with procedures or process regarding any matter relative to the identification, evaluation, or educational placement of the child, or the provision of a free appropriate public education. (34 CFR 300.151)

"Comprehensive Services Act" (CSA) means the Comprehensive Services Act for At-Risk Youth and Families that establishes the collaborative administration and funding system that addresses and funds services for certain at-risk youths and their families. (Chapter 52 (§2.2-5200 et seq.) of Title 2.2 of the Code of Virginia)

"Consent" means: (34 CFR 300.9)

1. The parent(s) or eligible student has been fully informed of all information relevant to the activity for which consent is sought in the parent's(s)' or eligible

Regulations

student's native language, or other mode of communication;

2. The parent(s) or eligible student understands and agrees, in writing, to the carrying out of the activity for which consent is sought, and the consent describes that activity and lists the records (if any) that will be released and to whom; and

3. The parent(s) or eligible student understands that the granting of consent is voluntary on the part of the parent(s) or eligible student and may be revoked any time.

If a parent revokes consent, that revocation is not retroactive (i.e., it does not negate an action that has occurred after the consent was given and before the consent was revoked. Revocation ceases to be relevant after the activity for which consent was obtained was completed.).

The meaning of the term "consent" is not the same as the meaning of the term "agree" or "agreement." "Agree" or "agreement" refers to an understanding between the parent and the local educational agency about a particular matter and as required in this chapter. There is no requirement that an agreement be in writing, unless stated in this chapter. The local educational agency and parent(s) should document their agreement.

b. Taking appropriate enforcement and technical assistance measures to assist local educational agencies in complying with the provisions of the Act in accordance with the provisions of 34 CFR 300.600 through 34 CFR 300.602 and 34 CFR 300.608.

c. Establishing that the focus of Virginia's monitoring activities are on:

(1) Improving educational results and functional outcomes for all children with disabilities; and

(2) Ensuring that public agencies meet the program requirements under Part B of the Act, with a particular emphasis on those requirements that are most closely related to improving educational results for children with disabilities.

d. Using quantifiable indicators and such qualitative indicators as are needed to adequately measure performance in the priority areas identified in 34 CFR 300.600(d), and the indicators established by the U.S. Secretary of Education for the state performance plans.

e. Using the targets established in Virginia's performance plan and the priority areas described in 34 CFR 300.600(d) to analyze the performance of each local educational agency.

f. Following all the reporting requirements under 34 CFR 300.602(b).

g. Notifying the public of the pendency of an enforcement action taken by the U.S. Department of Education pursuant to 34 CFR 300.604.

h. Prohibiting the local educational agency from reducing the local educational agency's maintenance of effort under 34 CFR 300.203 for any fiscal year if the Virginia Department of Education determines that a local educational agency is not meeting the requirements of Part B of the Act, including the targets in Virginia's state performance plan.

Part III

Responsibilities of Local School Divisions and State-Operated Programs

8VAC20-81-30. Responsibility of local school divisions and state-operated programs.

A. The requirements set forth in this chapter are applicable to local school divisions and state-operated programs providing education and related services for children with disabilities and are developed in accordance with state and federal laws and regulations.

B. Each local school division shall ensure that all children with disabilities, aged two to 21, inclusive, residing in that school division have a right to a free appropriate public education. (§22.1-214 of the Code of Virginia; 34 CFR 300.2, 34 CFR 300.101, 34 CFR 300.124 and 34 CFR 300.209)

The children include:

1. Children with disabilities who are migrant;

2. Children with disabilities who are homeless;

3. Children with disabilities who are in need of special education and related services, even though the child has not failed or been retained in a course or grade, and is advancing from grade to grade;

4. Children with disabilities who are served in a public nonprofit charter school;

5. Children with disabilities who have been suspended or expelled from school;

6. Children with disabilities who are incarcerated for 10 or more days in a regional or local jail in its jurisdiction, with the exception of those additional provisions identified in 8VAC20-81-110 I;

Regulations

7. Children with disabilities who are residents of the school division and who are on house arrest, as ordered by a court of competent jurisdiction;

8. Children with disabilities who are in foster care and residents of Virginia;

9. Children with disabilities who are placed for noneducational reasons; and

10. Children with disabilities regardless of citizenship or immigration status.

C. Every child with a disability is deemed to reside in a school division when:

1. The child is living with a biological parent whose parental rights have not been terminated.

2. The child is living with an adoptive parent.

3. The child is living with an individual:

a. Other than the custodial parent but who is defined as a parent in §22.1-1 of the Code of Virginia, not solely for school purposes, and

b. Pursuant to a special power of attorney executed under 10 USC §1044b by the custodial parent while such custodial parent is deployed outside the United States as a member of the Virginia National Guard or as a member of the United States Armed Forces.

4. The parent(s) of the child is deceased and the child is living with a person in loco parentis who resides within the school division.

5. The parents of the child are unable to care for him and he is living, not solely for school purposes, with another person who resides in the school division and is either:

a. The court-appointed guardian, or has legal custody; or

b. Acting in loco parentis pursuant to placement of the child by a person or entity authorized to do so under §63.2-900 of the Code of Virginia.

6. The child is living in the school division not solely for school purposes, as an emancipated minor pursuant to the provisions of the §16.1-334 of the Code of Virginia.

7. The child is in foster care and a resident of Virginia, but not a resident of the school division, under the following conditions: (§22.1-215 of the Code of Virginia)

a. The child has been placed in foster care or other custodial care within the geographical boundaries of the school division, placed by a Virginia agency, whether state or local, that is authorized by the Code of Virginia to place children; or

b. The child has been placed, not solely for school purposes, in a child-caring institution or group home licensed under the provisions of Chapter 17 (§63.2-1700 et seq.) of Title 63.2 of the Code of Virginia that is located within the geographical boundaries of the school division.

8. The child is in foster care and a resident of Virginia, and a resident of the school division, under the provisions of subdivision 7 of this subsection.

D. If a child with a disability is living with the parent in the residence of the local school division, the local school division is responsible for ensuring that the child receives a free appropriate public education even if the enrollment requirements for the child are not completed within a reasonable period of the parents' request to enroll the child. (34 CFR 300.101)

E. Requirements for children with disabilities who are placed for noneducational reasons:

1. The local school division that is part of the Comprehensive Services Act team that places the child in a private residential placement for noneducational reasons shall ensure that the child's IEP team develops an IEP appropriate for the child's needs while the child is in the residential placement.

2. If a child in foster care is placed in a local school division of nonresidence and the IEP team of the local school division of nonresidence where the child is placed determines that the child needs to be placed in a private day or residential special education facility for educational reasons, the responsibility for a free appropriate public education transfers to the local school division where the Virginia placing agency is located and is a participant in the community policy and management team of that local school division that has responsibility for the child under the Comprehensive Services Act (Chapter 52 (§2.2-5200 et seq.) of Title 2.2 of the Code of Virginia).

3. If placed in a nursing facility, a long stay hospital, or an intermediate care facility for the mentally retarded under funding from the Virginia Department of Medical Assistance Services, the child is a resident of the division where the parent(s) resides, unless the child is in a state-operated program.

4. If placed in a group home by a community services board, a court service unit, or a court of competent jurisdiction, the child is a resident of the division where the parent(s) resides, unless the child is in a state-operated program.

5. If the child is aged 18 or older and placed in a nursing facility, a long stay hospital, or an intermediate care facility for the mentally retarded under funding from the

Virginia Department of Medical Assistance Services, and who has been declared legally incompetent or legally incapacitated by a court of competent jurisdiction and for whom the court has appointed a guardian to make decisions, the adult child is a resident of the division where the guardian resides, unless the adult child with a disability is in a state-operated program.

6. If the child is aged 18 or older and placed in a group home by a community services board and has been declared legally incompetent or legally incapacitated by a court of competent jurisdiction and for whom the court has appointed a guardian to make decisions, the adult child is a resident of the division where the guardian resides, unless the adult child is in a state-operated program.

7. If the child is aged 18 or older, who has not been declared legally incompetent or legally incapacitated by a court of competent jurisdiction and for whom the court has not appointed a guardian to make decisions, the adult child is a resident of the division where the guardian resides, unless the adult child is in a state-operated program. The adult child's residence is the fixed home to which the adult child will return following the child's return from a facility and at which the adult child intends to stay. No adult child shall have more than one residence at a time.

8. If the child is aged 18 or older, who has been declared legally incompetent or legally incapacitated by a court of competent jurisdiction and for whom the court has appointed a guardian to make decisions, the adult child is a resident of the division where the guardian resides, unless the adult child is in a state-operated program. The adult child's residence shall be the fixed home to which the adult child will return from a facility and at which the adult child intends to stay. No adult child shall have more than one residence at a time.

F. If there is a dispute between local school divisions regarding the parent's or legal guardian's residence, the local school division of the parent's or legal guardian's last known place of residence is responsible until such dispute is resolved or the parent's or legal guardian's residence is established in another local school division.

G. If there is dispute between the parent or legal guardian of a child with a disability and the local school division regarding residency, the local school division of where the child is last enrolled remains responsible for providing the child with a free appropriate public education until resolution of the dispute.

H. Each state-operated program shall ensure that children with disabilities, aged two to 21, inclusive, in that

institution have the right to a free appropriate public education. (§22.1-7 of the Code of Virginia)

I. Children with disabilities who are not residents of Virginia but are living temporarily with adults who do not otherwise meet the definition of parent(s) residing within a school division may, in the discretion of the local school board's policies and procedures, be admitted to the public schools of the school division for special education and related services. Tuition charges associated with this admittance are subject to the provisions of §22.1-5 of the Code of Virginia.

8VAC20-81-40. Special education staffing requirements.

A. School age programs. The following specifies the staffing patterns for special education services for school age (five to 21, inclusive) children, in addition to the Standards of Quality (§22.1.253.13:2 of the Code of Virginia) and Regulations Establishing Standards for Accrediting Public Schools in Virginia (8VAC20-131-240).

1. Staffing shall be in accordance with the requirements of 8VAC20-81-340 in the following settings.

a. Students with disabilities shall be instructed with students without disabilities in general education settings and classrooms, as appropriate, and in accordance with the Individualized Education Program (IEP). The service level, Level I or II, is based on the amount of time the student receives special education.

b. When children with disabilities are removed from the general education setting and classroom to provide instruction, special education and related services, they may receive services with children with the same disability or with children with different disabilities.

2. Personnel assignment.

a. Each student shall receive special education services from special education personnel assigned in accordance with the Virginia Licensure Regulations for School Personnel (8VAC20-22).

b. Special education teachers who are the teachers of record for instructing one or more federal core subjects to students with disabilities shall be highly qualified.

c. General education qualified personnel who are knowledgeable about the students and their special education, may implement special education services in collaboration with special education personnel.

d. Special education services include those services provided directly to the student and those provided indirectly.

Regulations

3. Caseload standards.

a. The maximum instructional caseloads for special education teachers and speech-language pathologists, for which public schools receive state funds in accordance with the Virginia Appropriation Act are listed in 8VAC20-81-340. Special education services for children with visual impairment are established, maintained, and operated jointly by the local school board and the Virginia Department for the Blind and Vision Impaired.

b. If children with disabilities in a single building receive academic content area instruction from multiple special education teachers, the teachers' caseloads shall be determined by using a building average.

(1) A building average is computed by dividing the total weights (found in 8VAC20-81-340) for all children served in this fashion by the number of special education teachers providing services. Any itinerant teacher shall be counted according to the amount of time the teacher spends in the school. Subdivision 3 d of this subsection applies for any teacher assigned to administrative duties or to providing services to children who do not have disabilities.

(2) The building average shall not exceed 20 points if services are provided to students receiving Level I services and to children receiving Level II services. The building average shall not exceed 24 points if services are provided only to children receiving Level I services.

(3) No more than 14 children shall be assigned to a single class period if there are similar achievement levels and one subject area and level are taught. No more than 10 students shall be assigned to a single class period when there are varying achievement levels.

c. Special education personnel may also be assigned to serve children who are not eligible for special education and related services under this chapter, as long as special education personnel hold appropriate licenses and endorsements for such assignments.

d. When special education personnel are assigned to provide services for children who do not have a disability under this chapter or are assigned to administrative duties, a reduction in the caseload specified in the Virginia Appropriation Act shall be made in proportion to the percentage of school time on such assignment.

(1) This provision does not apply when special education and related services are provided in a

general education class, based on the goals of the IEP of at least one child in that classroom, and children without disabilities incidentally benefit from such services.

(2) When special education personnel provide services in a general education classroom based on the IEP goals of at least one child in that classroom, the special education caseloads do not include children with disabilities who incidentally benefit from such services.

B. Staffing for early childhood special education.

1. Children of preschool ages (two to five, inclusive) who are eligible for special education receive early childhood special education. The amount of services is determined by the child's individualized education program (IEP) team. A schedule comparable in length to school age students shall be made available if determined appropriate by the IEP team.

2. Staffing requirements.

a. Children receiving early childhood special education services may receive services together with other preschool-aged children with the same or with different disabilities.

b. Each student shall receive special education services from special education personnel assigned in accordance with the Virginia Licensure Regulations for School Personnel (8VAC20-22).

c. The maximum special education caseloads, with and without paraprofessionals, are set and funded in the Virginia Appropriation Act. See 8VAC20-81-340 for the funded caseloads. Special education services for children with visual impairment are established, maintained, and operated jointly by the local school board and the Virginia Department for the Blind and Vision Impaired.

C. Staffing for education programs in regional and local jails. Special education personnel with any special education endorsement, except early childhood special education, may provide instructional services to eligible students with disabilities incarcerated in a regional or local jail.

D. Alternative special education staffing plan. School divisions and private special education schools may offer for consideration of approval, an alternative staffing plan in accordance with Virginia Department of Education procedures. The Virginia Department of Education may grant approval for alternative staffing levels upon request from local school divisions and private special education schools seeking to implement innovative programs that are not consistent with these staffing levels.

E. Educational interpreting services.

1. The qualification requirements for personnel providing interpreting services are as follows:

a. Personnel providing educational interpreting services for children using sign language shall have a Virginia Quality Assurance Screening (VQAS) Level III, or a passing score on the Educational Interpreter Performance Assessment (EIPA) written test along with a minimum of a Level 3.5 on the EIPA performance test or any other state or national certification (National Interpreter Certification) recognized by the Virginia Department for the Deaf and Hard of Hearing as equivalent to or exceeding the VQAS Level III. Under no circumstances shall local educational agencies or private special education schools hire interpreters who hold qualifications below a VQAS Level II, EIPA Level 3.0 or the equivalent from another state. Interpreters hired with a VQAS Level II, EIPA Level 3.0 or the equivalent have one year to reach the required qualifications.

b. Personnel providing educational interpreting services for children using cued speech/language shall have a Virginia Quality Assurance Screening Level III for cued speech/language or hold a Transliteration Skills Certificate from the Testing, Evaluation and Certification Unit (TEC Unit).

c. Personnel providing educational interpreting services for children requiring oral interpreting shall meet minimum requirements for competency on the Virginia Quality Assurance Screening's written assessment of the Code of Ethics and hold a national Oral Interpreter Credential (OIC).

8VAC20-81-50. Child find.

A. Child find.

1. Each local school division shall maintain an active and continuing child find program designed to identify, locate and evaluate those children residing in the jurisdiction who are birth to age 21, inclusive, who are in need of special education and related services, including children who: (34 CFR 300.102 and 34 CFR 300.111)

a. Are highly mobile, such as migrant and homeless children;

b. Are wards of the state;

c. Attend private schools, including children who are home-instructed or home-tutored;

d. Are suspected of being children with disabilities under this chapter and in need of special education, even though they are advancing from grade to grade; and

e. Are under age 18, who are suspected of having a disability who need special education and related services, and who are incarcerated in a regional or local jail in its jurisdiction for 10 or more days.

2. Each local school division shall coordinate child find activities for infants and toddlers (birth to age two, inclusive) with the Part C local interagency coordinating council. (34 CFR 300.124)

3. Each local school division shall locate, identify and evaluate children with disabilities who are enrolled by their parents in private, including religious, elementary schools and secondary schools. (34 CFR 300.131, 34 CFR 300.133, 34 CFR 300.134)

a. The child find process shall be designed to ensure:

(1) The equitable participation of parentally placed private school children, and

(2) An accurate count of those children.

b. The local school division shall undertake activities similar to the activities undertaken for its public school children.

c. The cost of carrying out the child find requirements, including individual evaluation, may not be considered in determining if a local educational agency has met its obligation under 34 CFR 300.133.

d. The child find process shall be completed in a time period comparable to that for students attending public school in the LEA.

e. Each local school division in which private, including religious, elementary and secondary schools, are located, shall include parentally placed private school children, including those who reside in a state other than Virginia, or country other than the United States.

(1) If the location of the administration of the private school in which the child attends is different from the school division in which the private school is located, the school division in which the private school is located and which the child attends is responsible for the child find activities.

f. The local school division shall consult with appropriate representatives of private school children with disabilities, as well as home-instructed or home-tutored children with disabilities, on how to implement the child find and evaluation activities.

B. Public awareness.

1. Each local school division shall, at least annually, conduct a public awareness campaign to:

Regulations

a. Inform the community of a person's, ages two to 21, inclusive, statutory right to a free appropriate public education and the availability of special education programs and services;

b. Generate referrals; and

c. Explain the nature of disabilities, the early warning signs of disabilities, and the need for services to begin early.

C. Screening.

1. Each local school division shall have procedures, including timelines, to document the screening of children enrolled in the division, including transfers from out of state as follows:

a. Children shall be screened in the areas of hearing and vision in accordance with the requirements of 8VAC20-250-10. (§22.1-273 of the Code of Virginia)

b. Children shall be screened for scoliosis in accordance with the requirements of 8VAC20-690-20. (§22.1-273.1 of the Code of Virginia)

c. Children shall be screened in the areas of speech, voice, language, and fine and gross motor functions to determine if a referral for an evaluation for special education and related services is indicated.

d. Children who fail any of the above screenings may be rescreened if the original results are not considered valid.

e. The local educational agency may recognize screenings reported as part of the child's pre-school physical examination required under the Code of Virginia. (§22.1-270 of the Code of Virginia)

f. Children shall be referred to the special education administrator or designee if results suggest that a referral for evaluation for special education and related services is indicated. The referral shall include the screening results.

2. The local school division shall provide all applicable procedural safeguards. These safeguards include the following:

a. Written notice to parents of the scheduled screening and, if the child fails the screening, the results of the screening;

b. Confidentiality; and

c. Maintenance of the student's scholastic record.

3. Screening for instructional purposes is not an evaluation. The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be

considered to be an evaluation for eligibility for special education and related services. (34 CFR 300.302)

D. Each school division shall have procedures to review records, assess whether the child was provided appropriate instruction, and review other performance evidence of the child referred through a screening process, or by school staff, the parent(s), or other individuals. (34 CFR 300.309(c))

1. The local school division's procedures shall ensure that if a child received early intervening services or other scientific research-based interventions these services do not needlessly delay a child suspected of having a disability from being evaluated for special education and related services. Such procedures shall include:

a. Tracking and reviewing timelines;

b. Instructions on maintaining data-based documentation reflecting the child's progress during instruction in the child's area(s) of difficulty; and

c. Written progress reports to the child's parent(s) at reasonable intervals for documenting the progress of the intervention strategies to address the child's learning, behavior, communication, or development.

2. If the child has not made adequate progress after an appropriate period of time, during which the conditions of providing appropriate high-quality, research-based instruction in general education settings delivered by qualified personnel and data-based documentation requirements have been implemented, a referral for an evaluation to determine if the child needs special education and related services shall be made to the special education administrator or designee.

E. Each school division shall have procedures to process in a timely manner all referral requests for a child suspected of having a disability. (34 CFR 300.507)

1. The local school division's procedures shall ensure that the processing of such referrals do not needlessly delay a child suspected of having a disability from being evaluated for special education and related services.

2. If the school division decides not to evaluate, prior written notice, in accordance with 8VAC20-81-170 shall be given to the parent(s), including the parent's right to appeal the decision through the due process hearing procedures.

F. Prohibition on mandatory medication.

1. The Virginia Department of Education prohibits state and LEA personnel from requiring parents to obtain a prescription for substances identified under Schedule I, II, III, IV, or V in §202(c) of the Controlled Substances Act (21 USC §812(c)) for a child as a condition of

attending school, receiving an evaluation under 34 CFR 300.300 through 34 CFR 300.311, or receiving services under this part.

2. Teachers and other school personnel may consult or share classroom-based observations with parents or guardians regarding a student's academic and functional performance, or behavior in the classroom or school, or regarding the need for evaluation for special education or related services. (34 CFR 300.174)

8VAC20-81-60. Referral for initial evaluation.

A. All children, aged two to 21, inclusive, whether enrolled in public school or not, who are suspected of having a disability, shall be referred to the special education administrator or designee, who shall initiate the process of determining eligibility for special education and related services.

1. Referrals may be made by any source including school staff, a parent(s), the Virginia Department of Education, any other state agency, or other individuals. (34 CFR 300.301(b))

2. The referring party shall inform the special education administrator or designee of why an evaluation is requested and efforts that have been made to address the concerns. The referral may be made in oral or written form.

B. Procedures for referral for initial evaluation.

1. Upon receipt of the referral for initial evaluation for the provision of special education and related services to a child with a disability, regardless of the source, the special education administrator, or designee, shall:

a. Record the date the referral was received, reason for referral, and names of the person or agency making the referral;

b. Implement procedures for maintaining the confidentiality of all data;

c. Provide written notice and procedural safeguards to inform the parent(s) in the parents' native language or primary mode of communication, unless it is clearly not feasible to do so, about:

(1) The referral for evaluation,

(2) The purpose of the evaluation, and

(3) Parental rights with respect to evaluation and other procedural safeguards;

d. Inform the parent(s) of the procedures for the determination of needed evaluation data and request any evaluation information the parent(s) may have on the child;

e. Secure informed consent from the parent(s) for the evaluation;

f. Ensure that all evaluations consist of procedures that:

(1) Gather relevant functional, developmental and academic information about the child to determine if the child is a child with a disability; and

(2) Are sufficiently comprehensive to identify all of the child's special education and related services needs, and educational needs; and

g. Ensure that all evaluations are completed and that decisions about eligibility are made within 65 business days after the parent has provided written consent to the evaluation process. The time frame shall not apply to the local school division if:

(1) The parent(s) of the child repeatedly fails or refuses to produce the child for the evaluation; or

(2) If the child enrolls in a school served by the local school division after the required 65 business days has begun and prior to a determination by the child's previous local school division as to whether the child is a child with a disability. This exception only applies if the local school division is making sufficient progress to ensure a prompt completion of the evaluation and the parent(s) and the local school division where the child is enrolled in school agree to a specific time when the evaluation will be completed.

The parent and eligibility group may agree in writing to extend the 65-day timeline to obtain additional data that cannot be obtained within the 65 business days. (34 CFR 300.300(a), 34 CFR 300.304)

If the decision is to not evaluate, prior written notice, in accordance with 8VAC20-81-170, shall be given to the parent(s), including the parent's right to appeal the decision through due process hearing procedures. (34 CFR 300.507)

3. Parental consent requirements. (34 CFR 300.300)

a. Parental consent is not required before reviewing existing data as part of an evaluation or administering a test or other evaluation that is administered to all children, unless parental consent is required before administration to all children.

b. Parental consent for initial evaluation shall not be construed as consent for initial provision of special education and related services.

c. The local school division shall make reasonable efforts to obtain parental consent for an initial evaluation to determine whether the child is a child with a disability.

Regulations

d. For initial evaluations only, if the child is a ward of the state and is not residing with the child's parent, the local school division is not required to obtain parental consent to determine whether the child is a child with a disability if:

(1) Despite reasonable efforts to do so, the local school division cannot discover the whereabouts of the parent of the child;

(2) The rights of the parents of the child have been terminated in accordance with Virginia law; or

(3) The rights of the parent to make educational decisions have been subrogated by a judge in accordance with Virginia law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.

The local school division shall then proceed with evaluating the child without finalizing the appointment of a surrogate parent.

e. If the parent does not provide consent for the initial evaluation, or fails to respond to a request to provide consent, the local school division may, but is not required to, use the dispute resolution options of mediation or due process to pursue the initial evaluation of the child.

The local school division does not violate its obligation under child find or other free appropriate public education provisions if it declines to pursue the evaluation.

f. If a parent of a child who is home-instructed or home-tutored, or who is placed in a private school by the parent(s) at the parent's own expense, does not provide consent for initial evaluation, or the parent fails to respond to a request to provide consent, the local school division may not use mediation or due process to pursue the initial evaluation.

8VAC20-81-70. Evaluation and reevaluation.

A. Each local educational agency shall establish procedures for the evaluation and reevaluation of referrals of children in accordance with the provisions of this section.(34 CFR 300.122)

B. Determination of needed evaluation data for initial evaluation or reevaluation. (34 CFR 300.305 and 34 CFR 300.507)

1. Review of existing evaluation data. A group that is comprised of the same individuals as an IEP team and other qualified professionals, as appropriate, shall:

a. Review existing evaluation data on the child, including:

(1) Evaluations and information provided by the parent(s) of the child;

(2) Current classroom-based, local, or state assessments and classroom-based observations; and

(3) Observations by teachers and related services providers; and

b. On the basis of that review and input from the child's parent(s), identify what additional data, if any, are needed to determine:

(1) Whether the child is, or continues to be, a child with a disability;

(2) The present educational needs of the child;

(3) The child's present level of academic achievement and related developmental needs; and

(4) Whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the IEP of the child and to participate, as appropriate, in the general education curriculum.

2. Conduct of review. The group completing the review may conduct its review without a meeting. The local educational agency shall provide notice to ensure that the parent(s) has the opportunity to participate in the review. If there is a meeting, the local educational agency shall provide notice of the meeting early enough to ensure that the parent(s) will have an opportunity to participate. The notice shall indicate the purpose, date, time, and location of the meeting and who will be in attendance.

3. Need for additional data. The local educational agency shall administer tests and other evaluation materials as may be needed to produce the data identified in this subsection.

4. This process shall be considered the evaluation if no additional data are needed.

5. If the team determines not to evaluate a child suspected of a disability, prior written notice, in accordance with 8VAC20-81-170, shall be given to the parent(s), including the parent's rights to appeal the decision through due process proceedings.

C. The local educational agency shall establish policies and procedures to ensure that the following requirements are met. (§22.1-214 of the Code of Virginia; 34 CFR 300.304 and 34 CFR 300.310)

1. Tests and other evaluation materials used to assess a child under this chapter are selected and administered so as not to be discriminatory on a racial or cultural basis.

2. Each assessment and other evaluation materials shall be provided and administered in the language and form most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to do so.

3. Materials and procedures used to assess a child with limited English proficiency are selected and administered to ensure that they measure the extent to which the child has a disability and needs special education, rather than measuring the child's English language skills.

4. A variety of assessment tools and strategies are used to gather relevant functional, developmental, and academic information about the child, including information provided by the parent(s), and information related to enabling the child to be involved in and progress in the general curriculum (or for a preschool child, to participate in appropriate activities), that may assist in determining whether the child is a child with a disability and the content of the child's IEP.

5. The assessment tools and strategies used provide relevant information that directly assists persons in determining the educational needs of the child.

6. Any standardized tests that are given to a child:

a. Have been validated for the specific purpose for which they are used; and

b. Are administered by knowledgeable and trained personnel in accordance with the instructions provided by the producer of the tests.

7. If an assessment is not conducted under standard conditions, a description of the extent to which it varied from standard conditions (e.g., the qualifications of the person administering the test or the method of test administration) shall be included in the evaluation report.

8. Any nonstandardized test administered by qualified personnel may be used to assist in determining whether the child is a child with a disability and the contents of the child's IEP.

9. Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.

10. Tests are selected and administered so as to best ensure that if a test is administered to a child with impaired sensory, motor, or communication skills, the test results accurately reflect the child's aptitude or achievement level or whatever other factors the test purports to measure rather than reflecting the child's

impaired sensory, motor, or communication skills (except where those skills are the factors that the test purports to measure).

11. The evaluation is sufficiently comprehensive to identify all of the child's special education and related services needs, whether or not commonly linked to the disability category in which the child has been classified.

12. Technically sound instruments are used that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

13. No single measure or assessment is used as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for a child.

14. If the evaluation requires assessments in more than one area relating to the suspected disability, a group of persons, including at least one teacher or other specialist with knowledge in the area of the suspected disability, shall complete the assessments.

15. For a child suspected of having a specific learning disability, the evaluation shall include an observation of academic performance in the regular classroom by at least one team member other than the child's regular teacher. In the case of a child of less than school age or out of school, a team member shall observe the child in an environment appropriate for a child of that age.

16. Each child is assessed by a qualified professional in all areas relating to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, motor abilities, and adaptive behavior. This may include educational, medical, sociocultural, psychological, or developmental assessments.

a. The hearing of each child suspected of having a disability shall be screened during the eligibility process prior to initial determination of eligibility for special education and related services.

b. A complete audiological assessment, including tests that will assess inner and middle ear functioning, shall be performed on each child who is hearing impaired or deaf or who fails two hearing screening tests.

D. A written copy of the evaluation report shall be provided at no cost to the parent(s). The report shall be available to the parent(s) no later than two business days before the meeting to determine eligibility. (34 CFR 300.306(a)(2)).

Regulations

E. Assessments of children with disabilities or suspected of having a disability who transfer from one local educational agency to another local educational agency in the same school year shall be coordinated with those children's prior and subsequent schools, as necessary and as expeditiously as possible, consistent with 8VAC20-81-120, to ensure prompt completion of full evaluations. (34 CFR 300.304(c)(5))

F. Reevaluation.

1. A reevaluation shall be conducted: (34 CFR 300.303(a) and (b)(2))

a. If the local educational agency determines that the child's educational or related services needs, including improved academic achievement and functional performance, warrants a reevaluation;

b. If the child's parent(s) or teacher requests a reevaluation; or

c. At least once every three years, unless the parent and local educational agency agree that a reevaluation is unnecessary.

2. The local educational agency shall not conduct a reevaluation more than once a year unless the parent(s) and the local educational agency agree otherwise. If the local educational agency does not agree with the parent's request for a reevaluation, the local educational agency shall provide the parent(s) with prior written notice in accordance with 8VAC20-81-170. (34 CFR 300.303(b)(1))

3. As part of a reevaluation, the local educational agency shall ensure that a group comprised of the same individuals as an IEP team, and other qualified professionals, as appropriate follow the provisions of subsection B of this section in determining: (34 CFR 300.305(a))

a. Whether the child continues to have a disability;

b. The child's educational needs, including the present levels of academic achievement and related developmental needs of the child;

c. Whether the child continues to need special education and related services; or

d. Whether any additions or modifications to the special education and related services are needed to meet the measurable annual goals set out in the child's IEP and to participate, as appropriate, in the general education curriculum.

4. The local educational agency shall administer tests and other evaluation materials, in accordance with subsection B of this section, as may be needed to

produce the data identified in subdivision 3 of this subsection. (34 CFR 300.305(c))

5. Requirements if additional data are not needed: (34 CFR 300.305(d))

a. If the team determines that no additional data are needed to determine whether the child continues to be a child with a disability, the local educational agency shall provide the child's parent(s) with written prior notice, including information regarding:

(1) The determination and the reasons for it; and

(2) The right of the parent(s) to request an evaluation to determine whether the child continues to be a child with a disability and to determine the child's educational needs.

b. The local educational agency is not required to conduct the evaluation to gather additional information to determine whether the child continues to have a disability and to determine the child's educational needs, unless the child's parent(s) requests the evaluation for these specific purposes.

c. The child's parent(s) has the right to resolve the issue through the dispute resolution options of mediation or due process as described in this chapter.

6. This process is considered the evaluation if no additional data are needed.

G. Parental consent for reevaluation.

1. Informed parental consent is required before conducting any reevaluation of a child with a disability.

a. If the local educational agency can demonstrate that it has taken reasonable measures to obtain consent and the child's parent(s) has failed to respond, the local educational agency shall proceed as if consent has been given by the parent(s). Reasonable measures include providing notice to the parent(s) in writing (or by telephone or in person with proper documentation).

b. If the parent(s) refuses consent, the local educational agency may continue to pursue those evaluations by using due process or mediation procedures. The local educational agency does not violate its obligation under this chapter if it declines to pursue the reevaluation.

2. Parental consent is not required before:

a. Review of existing data as part of an evaluation or reevaluation;

b. A teacher's or related service provider's observations or ongoing classroom evaluations; or

c. Administering a test or other evaluation that is administered to all children unless, before

administration of that test or evaluation, consent is required of parents of all children.

3. If a parent of a child who is home-instructed or home-tutored, or who is placed in a private school by the parents at their own expense, does not provide consent for reevaluation, or the parent(s) fails to respond to a request to provide consent, the local educational agency may not use mediation or due process to pursue the reevaluation. (34 CFR 300.300(c) and (d))

In this instance, the local school division is not required to consider the child as eligible for equitable services under the provisions of 8VAC20-81-150 for parentally placed students.

H. Timelines for reevaluations.

1. The reevaluation process, including eligibility determination, shall be initiated in sufficient time to complete the process prior to the third anniversary of the date eligibility was last determined.

2. If a reevaluation is conducted for purposes other than the child's triennial, the reevaluation process, including eligibility determination, shall be completed in 65 business days from the date of the parent's consent to the evaluation.

3. The parent and eligibility group may agree in writing to extend the 65-day timeline to obtain additional data that cannot be obtained within the 65 business days.

I. The LEA is not required to evaluate a child with a disability who graduates with a standard diploma or advanced studies diploma. Since graduation is a change in placement, the local educational agency is required to provide the parent with prior written notice in accordance with 8VAC20-81-170. (34 CFR 300.305(e)(2))

8VAC20-81-80. Eligibility.

A. Each local educational agency shall establish procedures to ensure that the decision regarding eligibility for special education and related services and educational needs is made in accordance with the provisions of this section.

B. The determination that a child is eligible for special education and related services shall be made on an individual basis by a group as designated in subdivision C 2 of this section.

C. Upon completion of the administration of assessments and other evaluation materials or after determining that additional data are not needed, a group of qualified professionals and the parent(s) of the child shall determine whether the child is, or continues to be, a child with a disability and the educational needs of the child. If a determination is made that a child has a disability and needs special education and related services, an IEP shall

be developed in accordance with the requirements of 8VAC20-81-110. (34 CFR 300.306, 34 CFR 300.308)

1. The determination of whether a child is a child with a disability is made by the child's parent(s) and a group that is collectively qualified to:

a. Conduct, as appropriate, individual diagnostic assessments in the areas of speech and language, academic achievement, intellectual development and social-emotional development;

b. Interpret assessment and intervention data, and apply critical analysis to those data; and

c. Develop appropriate educational and transitional recommendations based on the assessment data.

2. The eligibility group composition.

a. The group may be an IEP team, as defined in 8VAC20-81-110, as long as the above requirements and notice requirements of 8VAC20-81-170 are met.

b. The group shall include, but not be limited to:

(1) Local educational agency personnel representing the disciplines providing assessments;

(2) The special education administrator or designee;

(3) The parent(s);

(4) A special education teacher;

(5) The child's general education teacher or if the child does not have a general education teacher, a general education teacher qualified to teach a child of the child's age; or for a child of less than school age, an individual qualified to teach a child of the child's age; and

(6) At least one person qualified to conduct individual diagnostic examinations of children, such as school psychologist, speech-language pathologist, or remedial reading teacher.

D. Procedures for determining eligibility and educational need. (34 CFR 300.306 through 34 CFR 300.311)

1. In interpreting evaluation data for the purpose of determining if a child is a child with a disability and determining the educational needs of the child, the local educational agency shall:

a. Draw upon information from a variety of sources, including aptitude and achievement tests, parent input and teacher recommendations, as well as information about the child's physical condition, social or cultural background, and adaptive behavior; and

b. Ensure that information from all these sources is documented and carefully considered.

Regulations

2. The group shall provide procedural safeguards in determining eligibility and in ensuring the confidentiality of records.

3. Observation.

a. At least one member of the eligibility group other than the child's current teacher, who is trained in observation, shall observe the child and the learning environment, including the general education classroom setting, to document academic performance and behavior in the areas of difficulty. In the case of a child of less than school age or out of school, a group member shall observe the child in an environment appropriate for a child of that age.

b. The local educational agency shall:

(1) Have at least one member of the eligibility team conduct an observation of the child's academic performance in the general education classroom after the child has been referred for an evaluation and parental consent has been obtained consistent with the requirements of 8VAC20-81-170.

(2) Ensure that the child is observed in the child's learning environment (including the general education classroom setting) to document the child's academic performance and behavior in the areas of difficulty.

(3) Include information from an observation in routine classroom instruction and monitoring of the child's performance that was done before the child was referred for an evaluation.

4. A child shall not be determined to be eligible under this chapter if the child does not otherwise meet the eligibility criteria, and the determinant factor is:

a. Lack of appropriate instruction in reading, including the essential components of reading instruction:

(1) Phonemic awareness,

(2) Phonics,

(3) Vocabulary development,

(4) Reading fluency, including oral reading skills, and

(5) Reading comprehension strategies;

b. Lack of appropriate instruction in math; or

c. Limited English proficiency.

5. The documentation of the determination of eligibility shall include a statement of:

a. Whether the child has a specific disability.

b. The basis for making the determination including an assurance that the determination has been made in

accordance with the provisions of this section regarding determining eligibility and educational need.

c. The relevant behavior, if any, noted during the observation of the child and the relationship of that behavior to the child's academic functioning.

d. The educationally relevant medical findings, if any.

e. The instructional strategies used and the student-centered data collected if a response to scientific, research-based intervention process was implemented and whether the child does not achieve commensurate with the child's age. This document shall also include:

(1) The local educational agency's notification to the parent of the Virginia Department of Education's policies regarding the amount and nature of student performance data that would be collected;

(2) The strategies that were used to increase the child's rate of learning; and

(3) The parent's right to request an evaluation.

f. For identification of learning disabilities, whether there are strengths and weaknesses in performance or achievement or both, or there are strengths and weaknesses in performance or achievement or both relative to intellectual development in one or more of the areas listed in subsection K of this section.

6. The eligibility group shall consider, as part of the evaluation, data that demonstrates that prior to, or as part of the referral process, the child was provided appropriate high-quality, researched-based instruction in general education settings, consistent with §1111(b)(8)(D) and (E) of the ESEA, including that the instruction was delivered by qualified personnel. There shall be data-based documentation that repeated assessments of achievement at reasonable intervals, reflecting that formal assessment of student progress during instruction was provided to the child's parents.

7. The eligibility group shall work toward consensus. If the group does not reach consensus and the decision does not reflect a particular member's conclusion, then the group member shall submit a written statement presenting that member's conclusions.

8. The local educational agency shall obtain written parental consent for the initial eligibility determination. Thereafter, written parental consent shall be secured for any change in categorical identification in the child's disability.

9. The eligibility group shall have a written summary that consists of the basis for making its determination as to the eligibility of the child for special education and related services. The written summary shall include any written statement from a member whose conclusion

differs from the other member's determination. The summary statement may include other recommendations. The written summary shall be maintained in the child's scholastic record.

10. The written summary shall be forwarded to the IEP team, including the parent, upon determination of eligibility. The summary statement may include other recommendations.

11. With reevaluations, if the eligibility group determines that there is not a change to the child's eligibility for special education and related services, and educational needs, the IEP team is not required to convene, unless the parent requests that the IEP team meets.

E. Nothing in this chapter requires that children be identified by their disability on IEPs, local educational agency communications to parents regarding eligibility determinations, or other similar communications to parents. For such communications, local educational agencies shall identify that each child has a disability under this chapter and by reason of that disability needs special education and related services, and is regarded as a child with a disability.

F. Eligibility for related services. A child with a disability shall be found eligible for special education in order to receive related services. Once a child is found eligible for special education, decisions about the need for related services shall be made by the IEP team. An evaluation may be conducted as determined by the IEP team. (34 CFR 300.34 and 34 CFR 300.306(c)(2))

G. Two-year-old children previously served by Part C. A child, aged two, previously participating in early intervention services assisted under Part C of the Act, shall meet the requirements of this chapter to be determined eligible under Part B of the Act. For a child served by Part C after age two, and whose third birthday occurs during the summer, the child's IEP team shall determine the date when services under the IEP will begin for the child. (34 CFR 300.124)

H. The characteristics of each of the disabilities listed in this section shall have an adverse effect on educational performance and make it necessary for the child to have special education to address the needs of the child that result from the child's disability and to ensure access to the general curriculum, so that the child can meet the educational standards within the jurisdiction of the public agency that apply to all children. For children with developmental delay, ensuring access to the general curriculum means ensuring the child's access to the general educational activities for this age group.

I. The Virginia Department of Education adopts criteria for determining whether a child has a disability by using

the applicable determination of eligibility criteria for all children suspected of having a disability and does not require the use of a severe discrepancy between intellectual ability and achievement for determining whether a child has a disability. (34 CFR 300.307)

J. The Virginia Department of Education permits each local educational agency to use a process for determining whether a child has a disability based on the child's response to scientific, research-based intervention and permits each local educational agency to use other alternative research-based intervention and procedures. (34 CFR 300.307)

K. Eligibility of a child with a specific learning disability. (34 CFR 300.307 and 34 CFR 300.311)

1. The group may determine that a child has a specific learning disability if:

a. The child does not achieve adequately for the child's age or to meet Virginia-approved grade-level standards in one or more of the following areas when provided with learning experiences and instruction appropriate for the child's age or Virginia-approved grade-level standards:

- (1) Oral expression;
- (2) Listening comprehension;
- (3) Written expression;
- (4) Basic reading skills;
- (5) Reading fluency skills;
- (6) Reading comprehension;
- (7) Mathematical calculations; or
- (8) Mathematical problem solving.

b. The child does not make sufficient progress to meet age or Virginia-approved grade-level standards in one or more of the areas identified in subdivision 1 a of this subsection when using a process based on the child's response to scientific, research-based intervention; or the child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, Virginia-approved grade-level standards, or intellectual development, that is determined by the group to be relevant to the identification of a specific learning disability, using appropriate assessments, consistent with 8VAC20-81-70; and

c. The group determines that its findings under subdivision 1 a and b of this subsection are not primarily the result of:

- (1) A visual, hearing, or motor impairment;

Regulations

(2) Mental retardation;

(3) Emotional disturbance;

(4) Environmental, cultural, or economic disadvantage; or

(5) Limited English proficiency.

2. Specific learning disability does not include learning problems that are primarily the result of visual, hearing, or motor disabilities; mental retardation; or environmental, cultural, or economic disadvantage. A specific learning disability:

a. Is not the result of a lack of appropriate instruction in reading or math;

b. Data demonstrates that prior to, or as a part of the referral process, the child was provided appropriate instruction in regular education settings, delivered by qualified personnel; and

c. Data-based documentation reflecting student progress was collected.

L. Eligibility as a child with autism.

1. Any of the Pervasive Developmental Disorders, such as Autistic Disorder, Asperger's Disorder, Rhett's Disorder, Childhood Disintegrative Disorder, Pervasive Developmental Disorder – Not Otherwise Specified including Atypical Autism as indicated in diagnostic references, such as the Diagnostic and Statistical Manual of Mental Disorders (DSM), may be included under the eligibility category of autism. Students with autism demonstrate restricted repetitive and stereotyped patterns of behavior, interests, and activities such as encompassing preoccupation with one or more stereotyped and restricted patterns of interest that is abnormal either in intensity or focus, apparently inflexible adherence to specific, nonfunctional routines or rituals, stereotyped and repetitive motor mannerisms (i.e., hand or finger flapping or twisting, or complex whole-body movements), persistent preoccupation with parts of objects.

2. A minimum of six characteristics from the following communication and social interaction areas shall be present to be considered for eligibility.

a. One or more impairments in communication, such as delay in, or total lack of, the development of spoken language (not accompanied by an attempt to compensate through alternative modes of communication such as gesture or mime) in individuals with adequate speech, marked impairment in the ability to initiate or sustain a conversation with others, stereotyped and repetitive use of language or idiosyncratic language, or lack of varied, spontaneous

make-believe play or social imitative play appropriate to developmental level.

b. Two or more impairments in social interaction, such as marked impairment in the use of multiple nonverbal behaviors such as eye-to-eye gaze, facial expression, body postures, and gestures to regulate social interaction, failure to develop peer relationships appropriate to developmental level, a lack of spontaneous seeking to share enjoyment, interests, or achievements with other people (i.e., by a lack of showing, bringing, or pointing out objects of interest), or lack of social or emotional reciprocity are noted. Delay(s) or abnormal functioning in social interaction, language as used in social communication, or symbolic or imaginative play, with onset prior to age three are also evident.

M. Eligibility as a child with deafness.

1. Deafness may apply to a documented bilateral hearing loss (sensorineural, or mixed conductive and sensorineural), a fluctuating or a permanent hearing loss, documented auditory dyssynchrony (auditory neuropathy), or cortical deafness. This hearing loss results in qualitative impairments in communication/educational progress due to delays in one or more of the following: expressive/receptive vocabulary development, expressive/receptive language development (in English/primary language of the family or in sign language), speech development, written English skills.

2. Students suspected of being deaf shall have an evaluation of the student's language and communication needs and opportunities for direct communications with peers and professional personnel in the student's language and communication mode.

N. Eligibility as a child with developmental delay. (34 CFR 300.111(b))

1. The local educational agency may include developmental delay as one of the disability categories when determining whether a preschool child, aged two by September 30 to five, inclusive, is eligible under this chapter.

2. Other disability categories may be used for any child with a disability aged two to five, inclusive.

3. Developmental delay may include a child who has an established physical or mental condition that has a high probability of resulting in a developmental delay.

O. Eligibility as a child with hearing impairment. Students suspected of having a hearing impairment shall have an evaluation of the student's language and communication needs and opportunities for direct

communications with peers and professional personnel in the student's language and communication mode.

P. Eligibility as a child with mental retardation. The terms intellectual disability and cognitive impairment may be used to describe this category. The child exhibits significantly impaired intellectual functioning, which is two or more standard deviations below the mean, with consideration given to the standard error of measurement for the test, on an individually administered, standardized measure of intelligence. The child also concurrently exhibits significantly impaired adaptive behavior in the home or community as determined by a composite score on an individual standardized instrument that measures two standard deviations or more below the mean. Developmental history (birth through 18) indicates significant impairment in cognitive/intellectual abilities and a current demonstration of significant impairment is present.

Q. Eligibility as a child with other health impairment.

1. Attention-deficit/hyperactivity disorder as indicated in diagnostic references, such as the Diagnostic and Statistical Manual of Mental Disorders (DSM), involve the following characteristics.

a. The symptoms do not occur exclusively during the course of a Pervasive Developmental Disorder, Schizophrenia, or other Psychotic Disorder and are not better accounted for by another mental disorder (e.g., Mood Disorder, Anxiety Disorder, Dissociative Disorder, or a Personality Disorder). The child shall exhibit six or more of the following symptoms of inattention that have persisted for at least six months to a degree that is maladaptive and inconsistent with developmental level:

(1) Often fails to give close attention to details or makes careless mistakes in schoolwork, work, or other activities;

(2) Often has difficulty sustaining attention in tasks or play activities;

(3) Often does not seem to listen when spoken to directly;

(4) Often does not follow through on instructions and fails to finish schoolwork, chores, or duties in the workplace (not due to oppositional behavior or failure to understand instructions);

(5) Often has difficulty organizing tasks and activities;

(6) Often avoids, dislikes, or is reluctant to engage in tasks that require sustained mental effort (such as schoolwork or homework);

(7) Often loses things necessary for tasks or activities (e.g., toys, school assignments, pencils, books, or tools);

(8) Often easily distracted by extraneous stimuli;

(9) Often forgetful in daily activities; or

b. A child shall exhibit six or more of the following symptoms of hyperactivity-impulsivity and have persisted for at least six months to a degree that is maladaptive and inconsistent with developmental level:

(1) Often fidgets with hands, feet, or squirm in seat;

(2) Often leaves seat in classroom or in other situations in which remaining seated is expected;

(3) Often runs about or climbs excessively in situations in which it is inappropriate (in adolescents or adults, may be limited to subjective feelings of restlessness);

(4) Often has difficulty playing or engaging in leisure activities quietly;

(5) Is often "on the go" or often acts as if "driven by a motor" and often talks excessively; impulsivity;

(6) Often blurts out answers before questions have been completed;

(7) Often has difficulty awaiting turn; and

(8) Often interrupts or intrudes on others; or

c. If criteria for combined type-inattention and hyperactivity are met for the past six months. Some hyperactive-impulsive or inattentive symptoms that caused the impairment were present before age 7 years. Some impairment from the symptoms is present in two or more settings (e.g., at school, or work, and at home).

2. Eligibility may also apply to children with Tourette Syndrome or acute health problems such as those found in the definition of "Other health impairment" at 8VAC20-81-10.

Eligibility criteria includes limited strength, vitality, or alertness and other elements as described in the definition of "Other health impairment" at 8VAC20-81-10.

R. Eligibility as a child with speech or language impairment.

1. The communication disorder results in a significant discrepancy from typical communication skills in one or more of the following areas; fluency, impaired articulation, expressive or receptive language impairment, or voice impairment. Information from

Regulations

instruments that are culturally and linguistically appropriate, including standardized and criterion-referenced measures, shall be used in conjunction with information from classroom observations to determine the severity of the communication impairment. Children shall not be identified as children having a speech or language impairment if the area of concern is primarily the result of socio-cultural dialect, delays/differences associated with acquisition of English as a second language, or within the purview of established norms for articulation and language development.

2. Speech language pathology services may be special education or a related service.

S. Eligibility as a child with a visual impairment.

1. The child evidences at least one of the following characteristics.

a. Visual acuity in the better eye with best possible correction of:

(1) 20/200 or less at distance and/or near is considered blindness.

(2) Better than 20/200 but worse than 20/70 at distance and/or near is considered visual impairment.

b. Visual field restriction in the better eye:

(1) Remaining visual field of 20 degrees or less is considered blindness.

(2) Remaining visual field of 70 degrees or less but better than 20 degrees is considered visual impairment.

2. Special conditions, include, but are not limited to, oculomotor apraxia, cortical visual impairment, and/or a progressive loss of vision (documented medically and educationally), which may in the future, affect the student's ability to learn visually or a functional vision loss where field and acuity deficits alone may not meet the aforementioned criteria.

3. Students suspected of being blind or having a visual impairment, shall have an evaluation of the student's reading and writing skills, needs, and appropriate reading and writing media, including an evaluation of the student's future needs for instruction in Braille or the use of Braille.

T. Children found not eligible for special education.

1. Information relevant to instruction for a child found not eligible for special education shall be provided to the child's teachers or any appropriate committee. Parental consent to release information shall be secured for children who are placed by their parents in private schools that are not located in the local educational agency of the parent's residence. (34 CFR 300.622)

2. If the school division decides that a child is not eligible for special education and related services, prior written notice, in accordance with 8VAC20-81-170 shall be given to the parent(s) including the parent(s) right to appeal the decision through the due process hearing procedures. (34 CFR 300.507)

8VAC20-81-90. Termination of special education and related services.

A. A local educational agency shall evaluate a child with a disability in accordance with 8VAC20-81-70 before determining that the child is no longer a child with a disability under this chapter. Evaluation is not required before the termination of eligibility due to graduation with a standard or advanced studies high school diploma or reaching the age of 22. (34 CFR 300.305(e))

B. The IEP team shall terminate the child's eligibility for special education and related services in the following areas:

1 Termination of special education services occurs if the team determines that the child is no longer a child with a disability who needs special education and related services.

2. A related service may be terminated during an IEP meeting without determining that the child is no longer a child with a disability who is eligible for special education and related services. The IEP team making the determination shall include local educational agency personnel representing the specific related services discipline being terminated.

3. Prior to any partial or complete termination of special education and related services, the local educational agency shall comply with the prior written notice requirements of 8VAC20-81-170 C, but parental consent is not required.

C. If the parent(s) revokes consent for the child to continue to receive special education and related services, the local educational agency shall follow the procedures in 8VAC20-81-80 to terminate the child's eligibility or use other measures as necessary to ensure that parental revocation of consent will not result in the withdrawal of a necessary free appropriate public education for the child. (34 CFR 300.9 and 34 CFR 300.305(e))

D. Summary of academic achievement and functional performance. (34 CFR 300.305(e)(3))

1. For a child whose eligibility terminates due to graduation with a standard or advanced studies high school diploma or reaching the age of 22, the local educational agency shall provide the child with a summary of the student's academic achievement and functional performance, which shall include

recommendations on how to assist the student in meeting the student's postsecondary goals.

2. If a child exits school without graduating with a standard or advanced studies high school diploma or reaching the age of 22, including if the child receives a general educational development (GED) credential or an alternative diploma option, the local educational agency may provide the child with a summary of academic achievement and functional performance when the child exits school. However, if the child resumes receipt of educational services prior to exceeding the age of eligibility, the local educational agency shall provide the child with an updated summary when the child exits, or when the child's eligibility terminates due to graduation with a standard or advanced studies high school diploma or reaching the age of 22.

8VAC20-81-100. Free appropriate public education.

A. Age of eligibility.

1. A free appropriate public education shall be available to all children with disabilities who need special education and related services, aged two to 21, inclusive, who meet the age of eligibility requirements in 8VAC20-81-10 and who reside within the jurisdiction of each local educational agency. This includes children with disabilities who are in need of special education and related services even though they have not failed or been retained in a course or grade and are advancing from grade to grade, and students who have been suspended or expelled from school in accordance with the provisions of 8VAC20-81-160. The Virginia Department of Education has a goal of providing full educational opportunity to all children with disabilities aged birth through 21, inclusive, by 2015. (§22.1-213 of the Code of Virginia; 34 CFR 300.101 and 34 CFR 300.109)

a. The services provided to the child under this chapter shall address all of the child's identified special education and related services needs.

b. The services and placement needed by each child with a disability to receive a free appropriate public education shall be based on the child's unique needs and not on the child's disability.

2. Exceptions. The obligation to make a free appropriate public education to all children with disabilities does not apply to: (34 CFR 300.102(a))

a. Children with disabilities who have graduated from high school with a standard or advanced studies high school diploma. This exception does not apply to age-eligible students who have graduated but have not been awarded a standard or advanced studies high school diploma, or to those students who have been

awarded a general educational development (GED) credential.

b. Children with disabilities, aged 18 to 21, inclusive, who, if in their last educational placement prior to their incarceration in an adult correctional facility, were not identified as being a child with a disability and did not have an IEP. This exception does not apply to children with disabilities, aged 18 to 21, inclusive, who had been identified as children with disabilities and had received services in accordance with their IEPs, but who left school prior to their incarceration or did not have IEPs in their last educational setting but who had actually been identified as children with disabilities under this chapter.

c. Children with disabilities who are eligible under IDEA Part B, Subpart H, but who receive early intervention services under IDEA Part C.

B. A free appropriate public education shall be available to children with disabilities who reside within a school division but do not hold a valid U.S. citizenship or a student visa.

C. Program options. Each local school division shall take steps to ensure that its children with disabilities have available to them the variety of educational programs and services available to children without disabilities in the area served by the local educational agency, including art, music, industrial arts, consumer and homemaking education, and vocational education. (34 CFR 300.110)

D. Residential placement. If placement in a public or private residential program is necessary to provide special education and related services to a child with a disability, the program, including nonmedical care and room and board, shall be at no cost to the parents of the child. (34 CFR 300.104)

E. Assistive technology devices.

1. Each local educational agency shall ensure that the following are functioning properly, including completing routine checks:

a. Hearing aids worn in school by children with hearing impairments, including deafness; and

b. The external components of surgically implanted devices.

2. A local educational agency is not responsible for the postsurgical maintenance, programming, or replacement of a medical device that has been surgically implanted (or of an external component of the surgically implanted medical device.) (34 CFR 300.34(b) and 34 CFR 300.113)

F. Availability of assistive technology. (34 CFR 300.105)

Regulations

1. Each local educational agency shall ensure that assistive technology devices or assistive technology services, or both, as those terms are defined in 8VAC20-81-10, are made available to a child with a disability if required as part of the child's:

a. Special education;

b. Related services; or

c. Supplementary aids and services.

2. On a case-by-case basis, the use of school-purchased or leased assistive technology devices in a child's home or in other settings is required if the child's IEP team determines that the child needs access to those devices in order to receive a free appropriate public education.

3. Local educational agencies are not required to provide personal devices, including eyeglasses or hearing aids that the child requires, regardless of whether the child is attending school, unless the IEP team determines that the device is necessary for the child to receive FAPE.

G. Transportation. (§§22.1-221 and 22.1-347 of the Code of Virginia; 34 CFR 300.107)

1. Each child with a disability, aged two to 21, inclusive, placed in an education program, including private special education day or residential placements, by the local school division shall be entitled to transportation to and from such program at no cost if such transportation is necessary to enable such child to benefit from educational programs and opportunities. Children with disabilities and children without disabilities shall share the same transportation unless a child's IEP requires specialized transportation.

2. If the IEP team determines that a child with a disability requires accommodations or modifications to participate in transportation, the accommodations or modifications shall be provided in the least restrictive environment. Transportation personnel may be on the IEP team or be consulted before any modifications or accommodations are written into the student's IEP to ensure that the modifications and accommodations do not violate any state or federal standard or any nationally recognized safety practices.

3. A local educational agency shall ensure that a child with a disability is provided a commute to and from an education program that is comparable in length to the commute provided to children without disabilities, unless the child's IEP team determines that a longer or shorter commute is necessary to ensure the child receives a free appropriate public education.

4. If a local educational agency enters an agreement with another local educational agency for the provision of special education or related services for a child with a

disability, such child shall be transported to and from such program at no cost to the parent(s).

5. If a child with a disability is placed in the Virginia School for the Deaf and the Blind at Staunton or the Virginia School for the Deaf, Blind and Multi-Disabled at Hampton, the Virginia school shall be responsible for the provision of transportation services. When such children are educated as day students, the local school division shall be responsible for the provision of transportation services to and from school.

H. Nonacademic and extracurricular services and activities. (34 CFR 300.107 and 34 CFR 300.117)

1. Each local educational agency shall take steps, including the provision of supplementary aids and services determined appropriate and necessary by the child's IEP team, to provide nonacademic and extracurricular services and activities in the manner necessary to afford children with disabilities an equal opportunity for participation in those services and activities.

2. Nonacademic and extracurricular services and activities may include but not be limited to counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the local educational agency, referrals to agencies that provide assistance to individuals with disabilities, and employment of students, including both employment by the local educational agency and assistance in making outside employment available.

I. Physical education. (34 CFR 300.108)

1. General. Physical education services, specially designed if necessary, shall be made available to every child with a disability receiving a free appropriate public education, unless the local educational agency enrolls children without disabilities and does not provide physical education to children without disabilities in the same grade.

2. Regular physical education. Each child with a disability shall be afforded the opportunity to participate in the regular physical education program available to children without disabilities, unless:

a. The child is enrolled full time in a separate facility; or

b. The child needs specially designed physical education, as prescribed in the child's IEP that cannot be provided in the regular physical education program.

3. Special physical education. If specially designed physical education is prescribed in a child's IEP, the local educational agency responsible for the education of that child shall provide the services directly or make

arrangements for those services to be provided through other public or private programs.

4. Education in separate facilities. The local educational agency responsible for the education of a child with a disability who is enrolled in a separate facility shall ensure that the child receives appropriate physical education services in compliance with subdivision 3 of this subsection.

J. Extended school year services. (34 CFR 300.106)

1. Each local educational agency shall ensure that extended school year services, including transportation to and from such services, are available as necessary to provide a free appropriate public education consistent with subdivision 2 of this subsection.

2. Extended school year services shall be provided only if a child's IEP team determines on an individual basis in accordance with this chapter that the services are necessary for the provision of a free appropriate public education to the child, because the benefits a child with a disability gains during the regular school year will be significantly jeopardized if extended school year services are not provided.

3. In implementing the requirements of this section, a local educational agency may not:

a. Limit extended school year services to particular categories of disability;

b. Unilaterally limit the type, amount, or duration of those services; or

c. Limit the provision of extended school year services to only the summer.

K. Children with disabilities in public charter schools. (34 CFR 300.209)

1. Children with disabilities who attend charter schools shall be served by the local school division in the same manner as children with disabilities in its other schools, including the provision of supplementary and related services on site at the charter school to the same extent to which the LEA provides such services on the site to its other public schools.

2. The local school division shall ensure that all requirements of this chapter are met.

L. Length of school day. School-aged students with disabilities shall be provided a school day comparable in length to the day provided to school-aged students without disabilities unless their IEP specifies otherwise.

M. Methods and payments. (34 CFR 300.103)

1. The Virginia Department of Education may use whatever state, local, federal, and private sources of

support are available to meet the requirements of this part.

2. Nothing in this part relieves an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability.

3. The Virginia Department of Education will ensure that there is no delay in implementing a child's IEP, including any case in which the payment source for providing or paying for special education and related services to the child is being determined.

N. Disability harassment. Each local educational agency shall have in effect policies that prohibit harassment to children with disabilities. (28 CFR 35.149 and 34 CFR 104.4)

8VAC20-81-110. Individualized education program.

A. Responsibility. The local educational agency shall ensure that an IEP is developed and implemented for each child with a disability served by that local educational agency, including a child placed in a private special education school by: (34 CFR 300.112)

1. A local school division; or

2. A noneducational placement by a Comprehensive Services Act team that includes the school division. The local school division's responsibility is limited to special education and related services.

B. Accountability.

1. At the beginning of each school year, each local educational agency shall have an IEP in effect for each child with a disability within its jurisdiction, with the exception of children placed in a private school by parents when a free appropriate public education is not at issue. (34 CFR 300.323(a))

2. Each local educational agency shall ensure that an IEP: (34 CFR 300.323(c))

a. Is in effect before special education and related services are provided to an eligible child;

b. Is developed within 30 calendar days of the date of the initial determination that the child needs special education and related services;

c. Is developed within 30 calendar days of the date the eligibility group determines that the child remains eligible for special education and related services following reevaluation, if the IEP team determines that changes are needed to the child's IEP, or if the parent requests it; and

d. Is implemented as soon as possible following parental consent to the IEP, not to exceed 30 calendar

Regulations

days, unless the local educational agency documents the reasons for the delay.

3. Each local educational agency shall ensure that: (34 CFR 300.323(d))

a. The child's IEP is accessible to each regular education teacher, special education teacher, related service provider, and other service provider who is responsible for its implementation; and

b. Teachers and providers are informed of:

(1) Their specific responsibilities related to implementing the child's IEP; and

(2) The specific accommodations, modifications, and supports that shall be provided for the child in accordance with the IEP.

4. Each local educational agency is responsible for initiating and conducting meetings to develop, review, and revise the IEP of a child with a disability.

5. Each local educational agency shall ensure that the IEP team reviews the child's IEP periodically, but not less than annually, to determine whether the annual goals are being achieved and to revise its provisions, as appropriate, to address: (34 CFR 300.324(b))

a. Any lack of expected progress toward the annual goals and in the general curriculum, if appropriate;

b. The results of any reevaluation conducted under this chapter;

c. Information about the child provided to or by the parent(s);

d. The child's anticipated needs; or

e. Other matters.

6. Each local educational agency shall provide special education and related services to a child with a disability in accordance with the child's IEP. (34 CFR 300.350 (a))

7. This chapter does not require that any local educational agency, teacher, or other person to be held accountable if a child does not achieve the growth projected in the annual goals, including benchmarks or objectives. However, the Virginia Department of Education and local educational agencies are not prohibited from establishing their own accountability systems regarding teacher, school, or agency performance.

8. Nothing in this section limits a parent's right to ask for revisions of the child's IEP if the parent feels that the efforts required by this chapter are not being met.

If the local educational agency considers the parent's request unreasonable and refuses to meet, the local educational agency shall advise the parent in writing of the reasons for denying the parent's request and provide the parent information on this chapter's dispute resolution options.

9. To the extent possible, the local educational agency shall encourage the consolidation of reevaluation and IEP team meetings for the child. (34 CFR 300.324(a)(5))

10. In making changes to a child's IEP after the annual IEP team meeting for the school year, the parent(s) and the local educational agency may agree not to convene an IEP team meeting for the purposes of making those changes, and instead may develop a written document to amend or modify the child's current IEP. (34 CFR 300.324(a)(4) and (6))

a. If changes are made to the child's IEP, the local educational agency shall ensure that the child's IEP team is informed of those changes.

b. Upon request, a parent shall be provided with a revised copy of the IEP with the amendments incorporated.

c. This meeting is not a substitute for the required annual IEP meeting.

C. IEP team.

1. General. The local educational agency shall ensure that the IEP team for each child with a disability includes: (34 CFR 300.321(a) and (c))

a. The parent(s) of the child;

b. Not less than one regular education teacher of the child (if the child is or may be participating in the regular educational environment);

c. Not less than one special education teacher of the child or, if appropriate, not less than one special education provider of the child. For a child whose only disability is speech-language impairment, the special education provider shall be the speech-language pathologist;

d. A representative of the local educational agency who is:

(1) Qualified to provide or supervise the provision of specially designed instruction to meet the unique needs of children with disabilities;

(2) Knowledgeable about the general education curriculum; and

(3) Knowledgeable about the availability of resources of the local education agency. A local educational

agency may designate another member of the IEP team to serve simultaneously as the agency representative if the individual meets the above criteria;

e. An individual who can interpret the instructional implications of evaluation results. This individual may be a member of the team serving in another capacity, other than the parent of the child;

f. At the discretion of the parent(s) or local educational agency, other individuals who have knowledge or special expertise regarding the child, including related services personnel, as appropriate. The determination of knowledge or special expertise of any individual shall be made by the party (parent(s) or local educational agency) who invited the individual to be a member of the team; and

g. Whenever appropriate, the child.

2. The local educational agency determines the school personnel to fill the roles of the required IEP team members in subdivisions 1 b through 1 e of this subsection.

3. Secondary transition service participants. (34 CFR 300.321(b))

a. The local educational agency shall invite a student with a disability of any age to attend the student's IEP meeting if a purpose of the meeting will be the consideration of:

- (1) The student's postsecondary goals;
- (2) The needed transition services for the student; or
- (3) Both.

b. If the student does not attend the IEP meeting, the local educational agency shall take other steps to ensure that the student's preferences and interests are considered.

c. To the extent appropriate and with the consent of the parent(s) or a child who has reached the age of majority, the local educational agency shall invite a representative of any participating agency that is likely to be responsible for providing or paying for transition services.

If an agency invited to send a representative to a meeting does not do so, the local educational agency shall take other steps to obtain the participation of the other agency in the planning of any transition services.

4. Part C transition participants. In the case of a child who was previously served under Part C of the Act, the local educational agency shall, at the parent's(s') request, invite the Part C service coordinator or other

representatives of the Part C system to assist with the smooth transition of services. (34 CFR 300.321(f))

D. IEP team attendance. (34 CFR 300.321(e))

1. A required member of the IEP team described in subdivisions C 1 b through C 1 e of this section is not required to attend an IEP team meeting, in whole or in part, if the parent and the local educational agency agree, in writing, that the attendance of this member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting.

2. A required member of the IEP team may be excused from attending the IEP team meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of curriculum or related services, if:

a. The parent and the local educational agency consent in writing to the excusal; and

b. The member submits, in writing, to the parent and the IEP team input into the development of the IEP prior to the meeting.

E. Parent participation.

1. Each local educational agency shall take steps to ensure that one or both of the parents of the child with a disability are present at each IEP meeting or are afforded the opportunity to participate including: (34 CFR 300.322(a))

a. Notifying the parent(s) of the meeting early enough to ensure that they will have an opportunity to attend; and

b. Scheduling the meeting at a mutually agreed on time and place.

2. Notice. (34 CFR 300.322(b))

a. General notice. The notice given to the parent(s):

(1) May be in writing, or given by telephone or in person with proper documentation;

(2) Shall indicate the purpose, date, time, and location of the meeting, and who will be in attendance; and

(3) Shall inform the parent(s) of the provisions relating to the participation of other individuals on the IEP team who have knowledge or special expertise about the child.

b. Additional notice requirements are provided if transition services are under consideration.

(1) For Part C transition, the notice shall inform the parents of the provisions relating to the participation

Regulations

of the Part C service coordinator or other representative(s) of the Part C system.

(2) For secondary transition, the notice shall also:

(a) Indicate that a purpose of the meeting will be the consideration of the postsecondary goals and transition services for the child;

(b) Indicate that the local educational agency will invite the student; and

(c) Identify any other agency that will be invited to send a representative.

3. If neither parent can attend, the local educational agency shall use other methods to ensure parent participation, including individual or conference telephone calls and audio conferences. (34 CFR 300.322(c))

If the local educational agency uses an alternative means of meeting participation that results in additional costs, the local educational agency is responsible for those costs.

4. A meeting may be conducted without a parent(s) in attendance if the local educational agency is unable to convince the parent(s) that they should attend. In this case, the local educational agency shall have a record of the attempts to arrange a mutually agreed on time and place, such as: (34 CFR 300.322(d))

a. Detailed records of telephone calls made or attempted and the results of those calls;

b. Copies of correspondence sent to the parent(s) and any responses received; or

5. The local educational agency shall take whatever action is necessary to ensure that the parent(s) understand the proceedings at the IEP meeting, including arranging for an interpreter for parents with deafness or whose native language is other than English. (34 CFR 300.322(e))

6. Audio and video recording of IEP meetings.

a. The local educational agency shall permit the use of audio recording devices at IEP meetings. The parent(s) shall inform the local educational agency before the meeting in writing, unless the parents cannot write in English, that they will be audio recording the meeting. If the parent(s) does not inform the local educational agency, the parent(s) shall provide the local educational agency with a copy of the audio recording. The parent or parents shall provide their own audio equipment and materials for audio recording. If the

local educational agency audio records the meetings or receives a copy of an audio recording from the parent(s), the audio recording becomes part of the child's educational record.

b. The local educational agency may have policies that prohibit, limit or otherwise regulate the use of:

(1) Video recording devices at IEP meetings; or

(2) Audio or video recording devices at meetings other than meetings that are for the purposes of developing, reviewing, revising the child's IEP or reviewing matters related to discipline provisions under 8VAC20-81-160.

c. These policies shall:

(1) Stipulate that the recordings become part of the child's educational record;

(2) Ensure that the policy is uniformly applied; and

(3) If the policy limits or prohibits the use of the devices, the policy shall provide for exceptions if they are necessary to ensure that the parent(s) understands the IEP, the special education process, or to implement other parental rights guaranteed under this chapter.

7. At the IEP meeting, the IEP team shall provide the parent(s) of a child with a disability with a written description of the factors in subdivisions F 1 and F 2 of this section that will be considered during the IEP meeting. The description shall be written in language understandable by the general public and provided in the native language of the parent(s) or other mode of communication used by the parent(s), unless it is clearly not feasible to do so.

8. The local educational agency shall give the parent(s) a copy of the child's IEP at no cost to the parent(s) at the IEP meeting, but no later than 10 calendar days from the date of the IEP meeting. (34 CFR 300.322(f))

F. Development, review, and revision of the IEP. (34 CFR 300.324(a))

1. In developing each child's IEP, the IEP team shall consider:

a. The strengths of the child;

b. The concerns of the parent(s) for enhancing the education of their child;

c. The results of the initial or most recent evaluation of the child; and

d. The academic, developmental, and functional needs of the child.

2. The IEP team also shall: (34 CFR 300.324(a))

- a. In the case of a child whose behavior impedes the child's learning or that of others, consider the use of positive behavioral interventions, strategies, and supports to address the behavior;
- b. In the case of a child with limited English proficiency, consider the language needs of the child as those needs relate to the child's IEP;
- c. In the case of a child who is blind or visually impaired, provide for instruction in Braille and the use of Braille unless the IEP team determines after an evaluation of the child's reading and writing skills, needs, and appropriate reading and writing media, including an evaluation of the child's future needs for instruction in Braille or the use of Braille, that instruction in Braille or the use of Braille is not appropriate for the child;
- d. Consider the communication needs of the child;
- e. In the case of a child who is deaf or hard of hearing, consider the child's language and communication needs, opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child's language and communication mode; and
- f. Consider whether the child requires assistive technology devices and services.
3. If, in considering the special factors, the IEP team determines that a child needs a particular device or service, including an intervention, accommodation, or other program modification in order for the child to receive a free appropriate public education, the IEP team shall include a statement to that effect in the child's IEP. (34 CFR 300.324(b)(2))
4. The regular education teacher of a child with a disability, as a member of the IEP team, shall participate, to the extent appropriate, in the development, review, and revision of the child's IEP, including assisting in the determination of: (34 CFR 300.324(a)(3))
- a. Appropriate positive behavioral interventions and supports and other strategies for the child; and
- b. Supplementary aids and services, accommodations, program modifications or supports for school personnel that will be provided for the child.
5. Nothing in this section shall be construed to require: (34 CFR 300.320(d))
- a. The IEP team to include information under one component of a child's IEP that is already contained under another component of the child's IEP; or
- b. That additional information be included in the child's IEP beyond what is explicitly required in this chapter.
6. The IEP team shall consider all factors identified under a free appropriate public education in 8 VAC 20-81-100, as appropriate, and work toward consensus. If the IEP team cannot reach consensus, the local educational agency shall provide the parent(s) with prior written notice of the local educational agency's proposals or refusals, or both, regarding the child's educational placement or provision of a free appropriate public education in accordance with 8VAC20-81-170.
- G. Content of the individualized education program. The IEP for each child with a disability shall include:
1. A statement of the child's present levels of academic achievement and functional performance, including how the child's disability affects the child's involvement and progress in the general curriculum or, for preschool children, as appropriate, how the disability affects the child's participation in appropriate activities. (34 CFR 300.320(a)(1))
- a. The statement shall be written in objective measurable terms, to the extent possible. Test scores, if appropriate, shall be self-explanatory or an explanation shall be included.
- b. The present level of performance shall directly relate to the other components of the IEP.
2. A statement of measurable annual goals, including academic and functional goals designed to: (34 CFR 300.320(a)(2))
- a. Meet the child's needs that result from the child's disability to enable the child to be involved in and progress in the general curriculum, or for preschool children, as appropriate, to participate in appropriate activities; and
- b. Meet each of the child's other educational needs that result from the child's disability.
3. For children with disabilities who take alternate assessments aligned to alternate achievement standards, description of benchmarks or short-term objectives. (34 CFR 300.320(a)(2))
- The IEP team may determine that benchmarks or short-term objectives are required for other children with disabilities in order for the children to benefit educationally.
4. A statement of the special education and related services and supplementary aids and services to be provided for the child, or on behalf of the child, and a statement of the program modifications or supports for

Regulations

school personnel that will be provided to the child: (34 CFR 300.320(a)(4))

6. The following information concerning state and divisionwide assessments shall be included: (34 CFR 300.320(a)(6))

a. A statement of any individual accommodations or modifications that are necessary to measure the child's academic achievement and functional performance, in accordance with the guidelines approved by the Board of Education, in the administration of state assessments of student achievement that are needed in order for the child to participate in the assessment;

b. If the IEP team determines that the child will not participate in a particular state assessment of student achievement (or part of an assessment), a statement of:

(1) Why that assessment is not appropriate for the child;

(2) How the child will be assessed, including participation in the alternate assessment for those students who meet the criteria for the alternate assessment; and

(3) How the child's nonparticipation in the assessment will impact the child's promotion; graduation with a modified standard, standard, or advanced studies diploma; or other matters.

c. A statement that the child shall participate in either the state assessment for all children that is part of the state assessment program or the state's alternate assessment;

d. A statement of any individual accommodations or modifications approved for use in the administration of divisionwide assessments of student achievement that are needed in order for the child to participate in the assessment;

(2) A component that promotes school readiness and incorporates pre-literacy, language, and numeracy skills.

c. These components of the child's IFSP may be incorporated into the child's IEP.

10. Secondary transition services. (34 CFR 300.43 and 34 CFR 300.320(b))

a. Prior to the child entering secondary school but beginning not later than the first IEP to be in effect when the child turns 14, or younger if determined appropriate by the IEP team, and updated annually, the IEP shall include:

(1) Appropriate measurable postsecondary goals based upon age-appropriate transition assessments related to training, education, employment, and where appropriate, independent living skills;

(2) The transition services, including courses of study (such as participation in advanced-placement course or career and technical education program), needed to assist the child in reaching those goals; and

(3) A statement, if appropriate, of interagency responsibilities or any needed linkages.)

b. For a child pursuing a modified standard diploma, the IEP team shall consider the child's need for occupational readiness upon school completion, including consideration of courses to prepare the child as a career and technical education program completer.

c. Transition services shall be based on the individual child's needs, taking into account the child's strengths, preferences, and interests.

11. Beginning at least one year before a student reaches the age of majority, the student's IEP shall include a statement that the student has been informed of the rights under this chapter, if any, that will transfer to the student on reaching the age of majority. (34 CFR 300.320(c))

H. Agency responsibilities for secondary transition services. (34 CFR 300.324(c))

1. If a participating agency, other than the local educational agency, fails to provide the transition services described in the IEP of a student with a disability, the local educational agency shall reconvene the IEP team to identify alternative strategies to meet the transition objectives for the student set out in the IEP.

2. Nothing in this part relieves any participating agency, including a state vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to students with disabilities who meet the eligibility criteria of that agency.

I. Additional requirements for eligible students with disabilities in state, regional, or local adult or juvenile correctional facilities. (34 CFR 300.324(d) and 34 CFR 300.102(a)(2); Regulations Establishing Standards for Accrediting Public Schools in Virginia (8VAC20-131))

3. The following additional exceptions to subdivision 2 of this subsection apply only to students with disabilities who are convicted as an adult under state law and incarcerated in adult prisons:

a. The IEP team may modify the student's IEP or placement if the state has demonstrated to the IEP team a bona fide security or compelling penological interest that cannot be otherwise accommodated.

b. IEP requirements regarding participation in state assessments, including alternate assessments, do not apply.

c. IEP requirements regarding transition planning and transition services do not apply to students whose eligibility for special education and related services will end because of their age before they will be eligible for release from the correctional facility based on consideration of their sentence and their eligibility for early release.

8VAC20-81-120. Children who transfer.

A. Children with disabilities who transfer between local educational agencies in Virginia or transfer from a local educational agency outside of Virginia to a local educational agency in Virginia within the same school year are subject to the following provisions. (34 CFR 300.323(e), (f), and (g))

1. The new local educational agency shall take reasonable steps to obtain the child's records, including the IEP and supporting documents and any other records relating to the provision of special education and related services to the child, from the previous local educational agency in which the child was enrolled. The previous local educational agency shall take reasonable steps to promptly respond to the request from the new local educational agency.

a. If the previous local educational agency is not forthcoming in providing the records for the child, the new local educational agency should contact the Virginia Department of Education for assistance in resolving the matter.

b. If the new local educational agency is unable to obtain the IEP from the previous local educational agency or from the parent, the new local educational agency is not required to provide special education and related services to the child. The new local educational agency shall place the student in a general

Regulations

educational program and conduct an evaluation if the new local educational agency determines that an evaluation is necessary.

2. The new local educational agency shall provide a free appropriate public education to the child, in consultation with the parent(s), including services comparable to those described in the child's IEP from the previous local educational agency, until the new local educational agency either:

a. Adopts the child's IEP from the previous local educational agency; or

b. Conducts an evaluation, if determined necessary by the local educational agency, and develops and implements a new IEP that meets the requirements in this chapter.

3. The local educational agency may develop and implement an interim IEP while obtaining and reviewing whatever information is needed to develop a new IEP.

4. If the parent does not provide written consent to a new IEP or an interim IEP, the local educational agency shall provide FAPE, in consultation with the parent(s), including services comparable to those described in the child's IEP from the previous local educational agency.

The parent(s) or local educational agency may initiate the dispute resolution options of mediation or due process to resolve the dispute.

B. The new local educational agency shall provide the parent(s) with proper notice regarding actions taken to provide the child with a free appropriate public education.

C. If the local educational agency determines it necessary to conduct an evaluation of the child, the local educational agency shall provide proper notice, initiate evaluation procedures, conduct the evaluation, determine eligibility, and develop an IEP in accordance with this chapter. During the evaluation period, the local educational agency shall provide FAPE in consultation with the parent(s), including services comparable to those described in the child's IEP from the previous local educational agency.

D. When a child with a disability who was placed in a private residential school under the Comprehensive Services Act transfers to a new local educational agency, the new local educational agency shall review the current placements and adopt or revise and implement the IEP within 30 calendar days of receipt of written notification of the child's transfer. The former Comprehensive Services Act team is responsible for paying for services until 30 calendar days after the new Comprehensive Services Act team receives written notification of the child's residence in the new local educational agency from the former

Comprehensive Services Act team. (The CSA Implementation Manual)

8VAC20-81-130. Least restrictive environment and placements.

A. General least restrictive environment requirements.

1. Each local educational agency shall ensure: (34 CFR 300.114)

a. That to the maximum extent appropriate, children with disabilities, including those in public or private institutions or other care facilities, are educated with children without disabilities; and

b. That special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

2. In providing or arranging for the provision of nonacademic and extracurricular services and activities, including meals, recess periods, and other nonacademic and extracurricular services and activities provided for children without disabilities, each local educational agency shall ensure that each child with a disability participates with children without disabilities in those services and activities to the maximum extent appropriate to the needs of the child with a disability. The local educational agency shall ensure that each child with a disability has the supplementary aids and services determined by the child's IEP team to be appropriate and necessary for the child to participate in nonacademic settings. (34 CFR 300.117)

3. For children placed by local school divisions in public or private institutions or other care facilities, the local educational agency shall, if necessary, make arrangements with public and private institutions to ensure that requirements for least restrictive environment are met. (See also 8VAC20-81-150.) (34 CFR 300.114 and 34 CFR 300.118)

B. Continuum of alternative placements. (§22.1-213 of the Code of Virginia; 34 CFR 300.115)

1. Each local educational agency shall ensure that a continuum of alternative placements is available to meet the needs of children with disabilities for special education and related services.

2. The continuum shall:

a. Include the alternative placements listed in the term "special education" at 8VAC20-81-10; and

b. Make provision for supplementary services (e.g., resource room or services or itinerant instruction) to

be provided in conjunction with regular education class placement. The continuum includes integrated service delivery, which occurs when some or all goals, including benchmarks and objectives if required, of the student's IEP are met in the general education setting with age-appropriate peers.

3. No single model for the delivery of services to any specific population or category of children with disabilities is acceptable for meeting the requirement for a continuum of alternative placements. All placement decisions shall be based on the individual needs of each child.

4. Local educational agencies shall document all alternatives considered and the rationale for choosing the selected placement.

5. Children with disabilities shall be served in a program with age-appropriate peers unless it can be shown that for a particular child with a disability, the alternative placement is appropriate as documented by the IEP.

C. Placements. (Regulations Establishing Standards for Accrediting Public Schools in Virginia (8VAC20-131); 34 CFR 300.116)

1. In determining the educational placement of a child with a disability, including a preschool child with a disability, each local educational agency shall ensure that:

a. The placement decision is made by the IEP team in conformity with the least restrictive environment provisions of this chapter.

b. The child's placement is:

(1) Determined at least annually;

(2) Based on the child's IEP; and

(3) As close as possible to the child's home.

c. Unless the IEP of a child with a disability requires some other arrangement, the child is educated in the school that the child would attend if a child without a disability.

d. In selecting the least restrictive environment, consideration is given to any potential harmful effect on the child or on the quality of services which the child needs.

e. A child with a disability is not removed from education in age-appropriate regular classrooms solely because of needed modifications in the general curriculum.

2. Home-based instruction shall be made available to children whose IEPs require the delivery of services in the home or other agreed-upon setting.

3. Homebound instruction shall be made available to children who are confined for periods that would prevent normal school attendance based upon certification of need by a licensed physician or clinical psychologist. For students eligible for special education and related services, the IEP team shall revise the IEP, as appropriate, and determine the delivery of homebound services, including the number of hours of services.

8VAC20-81-140. Placement of children at the Virginia School for the Deaf and the Blind at Staunton or the Virginia School for the Deaf, Blind and Multi-Disabled at Hampton.

A. Placements are made by the local school division, in accordance with the administrative policies and procedures of the Virginia School for the Deaf and the Blind at Staunton or the Virginia School for the Deaf, Blind and Multi-Disabled at Hampton (Virginia schools). The Virginia schools shall determine if the student meets the admission criteria of the Virginia schools. (§22.1-348 of the Code of Virginia)

B. When an eligible child is placed in the Virginia schools, the local school division is responsible for ensuring compliance with the requirements of this chapter.

C. For students who are residential students, the respective Virginia school is responsible for transportation. For students who are day students, the placing local school division is responsible for transportation to and from the school. (§22.1-347 C of the Code of Virginia)

8VAC20-81-150. Private school placement.

A. Private school placement by a local school division or Comprehensive Services Act team.

1. When a child with a disability is placed by a local school division or is placed for noneducational reasons by a Comprehensive Services Act team that includes the school division in a private special education school or facility that is licensed or has a certificate to operate, the local school division is responsible for ensuring compliance with the requirements of this chapter, including participation in state and divisionwide assessments. The local school division shall ensure that the child's IEP team develops an IEP appropriate for the child's needs while the child is in a private school or facility. (34 CFR 300.325(c))

2. Before a local school division places a child with a disability in a private school or facility that is licensed or has a certificate to operate, the local school division shall initiate and conduct a meeting in accordance with 8VAC20-81-110 to develop an IEP for the child. The local school division shall ensure that a representative of a private school or facility attends the meeting. If the

Regulations

representative cannot attend, the agency shall use other methods to ensure participation by a private school or facility, including individual or conference telephone calls. (34 CFR 300.325(a))

3. When a child is presently receiving the services of a private school or facility that is licensed or has a certificate to operate, the local school division shall ensure that a representative of the private school or facility attends the IEP meeting. If the representative cannot attend, the local school division shall use other methods to ensure participation by the private school or facility, including individual or conference telephone calls. (34 CFR 300.325(a)(2))

4. After a child with a disability enters a private school or facility that is licensed or has a certificate to operate, any meetings to review and revise the child's IEP may be initiated and conducted by the private school or facility at the discretion of the local school division. (34 CFR 300.325(b)(1))

5. If the private school or facility initiates and conducts these meetings, the local school division shall ensure that the parent(s) and a local school division representative: (34 CFR 300.325(b)(2))

a. Are involved in any decision affecting the child's IEP;

b. Agree to any proposed changes in the program before those changes are implemented; and

c. Are involved in any meetings that are held regarding reevaluation.

6. If the private school or facility implements a child's IEP, responsibility for compliance with the requirements regarding procedural safeguards, IEPs, assessment, reevaluation, and termination of services remains with the local school division. (34 CFR 300.325(c))

7. When a child with a disability is placed by a local school division or a Comprehensive Services Act team in a private school or facility that is licensed or has a certificate to operate, all rights and protections under this chapter are extended to the child. (34 CFR 300.101)

8. If the parent(s) requests a due process hearing to challenge the child's removal from a placement that was made for noneducational reasons by a Comprehensive Services Act team, the child shall remain in the previous IEP placement agreed upon by the parent(s) and the local educational agency prior to placement by the Comprehensive Services Act team. (34 CFR 300.2(c))

9. When a child with a disability is placed in a private school or facility that is out of state, the placement shall be processed through the Interstate Compact on the

Placement of Children in accordance with the Code of Virginia. (§22.1-218.1 of the Code of Virginia)

B. Placement of children by parents if a free appropriate public education is at issue.

1. Local school divisions are not required to pay for the cost of education, including special education and related services, of a child with a disability at a private school or facility if the local school division made a free appropriate public education available to the child and the parent(s) elected to place the child in a private school or facility. (34 CFR 300.148(a))

2. Disagreements between a parent(s) and a local school division regarding the availability of an appropriate program for the child and the question of financial responsibility are subject to the due process procedures of 8VAC20-81-200. (34 CFR 300.148(b))

3. If the parent(s) of a child with a disability, who previously received special education and related services under the authority of a local school division, enrolls the child in a private preschool, elementary, middle, or secondary school without the consent of or referral by the local school division, a court or a special education hearing officer may require the local school division to reimburse the parent(s) for the cost of that enrollment if the court or the special education hearing officer finds that the local school division had not made a free appropriate public education available to the child in a timely manner prior to that enrollment and that the private placement is appropriate. A parental placement may be found to be appropriate by a special education hearing officer or a court even if it does not meet the standards of the Virginia Department of Education that apply to education provided by the Virginia Department of Education and provided by the local school division. (34 CFR 300.148(c))

4. The cost of reimbursement described in this section may be reduced or denied: (34 CFR 300.148(d))

a. If:

(1) At the most recent IEP meeting that the parent(s) attended prior to removal of the child from the public school, the parent(s) did not inform the IEP team that they were rejecting the placement proposed by the local school division to provide a free appropriate public education to their child, including stating their concerns and their intent to enroll their child in a private school at public expense; or

(2) At least 10 business days (including any holidays that occur on a business day) prior to the removal of the child from the public school, the parent(s) did not give written notice to the local school division of the information described above;

b. If, prior to the parent's(s') removal of the child from the public school, the local school division informed the parent(s), through proper notice of its intent to evaluate the child (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parent(s) did not make the child available for the evaluation; or

c. Upon a judicial finding of unreasonableness with respect to actions taken by the parent(s).

5. Notwithstanding the above notice requirement, the cost of reimbursement may not be reduced or denied for the parent's(s') failure to provide the notice to the local school division if: (34 CFR 300.148(e))

a. The parent is illiterate or cannot write in English;

b. Compliance with this section would likely result in physical or serious emotional harm to the child;

c. The school prevented the parent(s) from providing the notice; or

d. The parent(s) had not received notice of the notice requirement in this section.

C. Parentally placed private school children with disabilities. The provisions of this section apply to children with disabilities who are enrolled by their parent(s) in private schools.

1. Definitions applicable to this subsection. (34 CFR 300.36)

a. The term "private school" includes:

a. Each school division shall locate, identify, and evaluate all children with disabilities who are parentally placed in private schools located in the school division. The activities undertaken to carry out this responsibility for these children shall be comparable to activities undertaken for children with disabilities in public schools.

b. Each local school division shall consult with appropriate representatives of the private schools on how to carry out the child find activities in order to conduct thorough and complete child find activities, including:

(1) How parentally placed private school children suspected of having a disability can participate equitably; and

(2) How parents, teachers, and private school officials will be informed of the process.

c. The child find process shall be designed to ensure:

(1) The equitable participation of parentally placed private school children; and

(2) An accurate count of these children.

(1) For children, aged three to 21, inclusive, an amount that is the same proportion of the local school division's total subgrant under §1411 of the Act as the number of private school children with disabilities, aged three to 21, who are enrolled by their parents in private schools located in the school division served by the school division, is to the total children with disabilities in its jurisdiction, aged three to 21; and

(2) For children, aged three to five, inclusive, an amount that is the same proportion of the local school division total subgrant under §1419 of the Act as the number of privately placed school children with

Regulations

disabilities, aged three to five, who are enrolled by their parents in a private school located in the school division served by the school division, is to the total number of children with disabilities in its jurisdiction, aged three to five.

(3) If a local school division has not expended for equitable services all of the funds by the end of the fiscal year for which Congress appropriated the funds, the local school division shall obligate the remaining funds for special education and related services, including direct services, to parentally placed private school children with disabilities during a carry-over period of one additional year. (34 CFR 300.133(a))

(4) Local educational agencies may supplement, but not supplant, the proportionate share amount of federal funds required to be expended in accordance with this subdivision. (34 CFR 300.133(d))

b. In calculating the proportionate amount of federal funds to be provided for parentally placed private school children with disabilities, the local school division, after timely and meaningful consultation with representatives of private schools under this section, shall conduct a thorough and complete child find process to determine the number of parentally placed children with disabilities attending private schools located in the local school division. (34 CFR 300.133(b))

c. After timely and meaningful consultation with representatives of parentally placed private school children with disabilities, the local school division shall determine the number of parentally placed private school children with disabilities attending private schools located in the local school division, and ensure that the count is conducted by December 1 of each year. The child count shall be used to determine the amount that the local school division shall spend on providing special education and related services to parentally placed private school children with disabilities in the next subsequent fiscal year. (34 CFR 300.133(c))

d. Expenditures for child find activities, including evaluation and eligibility, described in 8VAC20-81-50 through 8VAC20-81-80, may not be considered in determining whether the local school division has met the expenditure requirements of the Act. (34 CFR 300.133(a))

e. Local school divisions are not prohibited from providing services to parentally placed private school children with disabilities in excess of those required by this section. (34 CFR 300.133(d))

5. Consultation.

a. The local school division shall consult with private school representatives and representatives of parents of parentally placed private school children with disabilities during the design and development of special education and related services for the children. This includes: (34 CFR 300.134(a), (c), and (d))

(1) How the process will operate throughout the school year to ensure that parentally placed children with disabilities identified through the child find process can meaningfully participate in special education and related services;

(2) How, where, and by whom special education and related services will be provided for parentally placed private school children with disabilities;

(3) The types of services, including direct services and alternate service delivery mechanisms;

(4) How special education and related services will be apportioned if funds are insufficient to serve all parentally placed private school children; and

(5) How and when those decisions will be made.

b. (34 CFR 300.134(e))

c. Following consultation, the local school division shall obtain a written affirmation signed by the representatives of participating private schools. (34 CFR 300.135)

If the representatives do not provide the affirmation within a reasonable period of time, the local school division shall forward the documentation of the consultation process to the Virginia Department of Education.

(2) Did not give due consideration to the views of the private school official.

e. The private school official shall provide to the Virginia Department of Education the basis of the noncompliance by the local school division and the appropriate documentation. (34 CFR 300.136)

(1) If the private school official is dissatisfied with the decision of the Virginia Department of Education, the official may submit a complaint to the Secretary of Education, United States Department of Education by providing the information related to the noncompliance.

c. The local school division shall make the final decisions with respect to the services to be provided to eligible parentally placed private school children with disabilities.

d. The local school division shall:

(1) Initiate and conduct meetings to develop, review, and revise a services plan for the child; and

(2) Ensure that a representative of the private school attends each meeting. If the representative cannot attend, the local school division shall use other methods to ensure participation by the private school, including individual or conference telephone calls.

7. Services provided. (34 CFR 300.138 and 34 CFR 300.132(b))

a. The services provided to parentally placed private school children with disabilities shall be provided by personnel meeting the same standards as personnel providing services in the public schools, except that private elementary school and secondary school teachers who are providing equitable services to these children do not have to meet the requirements for highly qualified special education teachers.

b. Parentally placed private school children with disabilities may receive a different amount of services than children with disabilities in public schools.

c. No parentally placed private school child with a disability is entitled to any service or to any amount of a service the child would receive if enrolled in a public school.

d. Services provided in accordance with a services plan.

(1) Each parentally placed private school child with a disability who has been designated to receive services under this subsection shall have a services plan that describes the specific special education and related services that the local school division will provide to the child in light of the services that the local school division has determined it will make available to private school children with disabilities.

(2) The services plan, to the extent appropriate, shall meet the requirements for the content of the IEP with respect to the services provided, and be developed, reviewed, and revised consistent with the requirements of this chapter for IEPs.

e. The services shall be provided:

(1) By employees of a local school division; or

(2) Through contract by the local school division with an individual, association, agency, organization, or other entity.

f. Special education and related services provided to parentally placed private school children with disabilities, including materials and equipment, shall be secular, neutral, and nonideological.

(1) From the child's school or the child's home to a site other than the private school; and

(2) From the service site to the private school or to the child's home depending on the timing of the services.

b. Local school divisions are not required to provide transportation from the child's home to the private school.

c. The cost of the transportation described in this subsection may be included in calculating whether the local school division has met the requirement of this section.

10. Procedural safeguards, due process, and complaints. (34 CFR 300.140)

a. Due process inapplicable. The procedures relative to procedural safeguards, consent, mediation, due

Regulations

(34 CFR 300.143)

12. Requirement that funds not benefit a private school. A local school division may not use funds provided under the Act to finance the existing level of instruction in a private school or to otherwise benefit the private school. The local school division shall use funds provided under the Act to meet the special education and related services needs of parentally placed private school children with disabilities, but not for the needs of a private school or the general needs of the students enrolled in the private school. (34 CFR 300.141)

13. Use of public school personnel. A local school division may use funds available under the Act to make public school personnel available in nonpublic facilities to the extent necessary to provide services under this section for parentally placed private school children with disabilities and if those services are not normally provided by the private school. (34 CFR 300.142(a))

14. Use of private school personnel. A local school division may use funds available under the Act to pay for the services of an employee of a private school to provide services to a parentally placed private school child, if the employee performs the services outside of the employee's regular hours of duty and the employee

d. The local school division shall remove equipment and supplies from a private school if (i) the equipment and supplies are no longer needed for purposes of special education and related services for children with disabilities or (ii) removal is necessary to avoid unauthorized use of the equipment and supplies for purposes other than special education and related services for children with disabilities.

e. No funds under the Act may be used for repairs, minor remodeling, or construction of private school facilities.

16. Reporting requirements. Each local school division shall maintain in its records, and provide to the Virginia Department of Education, the following information related to parentally placed private school children: (34 CFR 300.132(c))

a. The number of children evaluated;

b. The number of children determined to be children with disabilities; and

c. The number of children served.

8VAC20-81-160. Discipline procedures.

A. General. A child with a disability shall be entitled to the same due process rights that all children are entitled to under the Code of Virginia and the local educational agency's disciplinary policies and procedures. School personnel may consider any unique circumstances on a case-by-case basis when deciding whether or not to order a change in placement for a child with a disability that

violates a code of student conduct. (§22.1-277 of the Code of Virginia; 34 CFR 300.530(a))

B. Short-term removals.

1. A short-term removal is for a period of time of up to 10 consecutive school days or 10 cumulative school days in a school year. (34 CFR 300.530(b))

a. School personnel may short-term remove a child with a disability from the child's current educational setting to an appropriate interim alternative educational setting, another setting, or suspension, to the extent those alternatives are applied to a child without disabilities.

b. Additional short-term removals may apply to a child with a disability in a school year for separate incidents of misconduct as long as the removals do not constitute a pattern. If the short-term removals constitute a pattern, the requirements of subsection C of this section apply.

(1) The local educational agency determines when isolated, short-term removals for unrelated instances of misconduct are considered a pattern.

(2) These removals only constitute a change in placement if the local educational agency determines there is a pattern.

2. Services during short-term removals.

a. The local educational agency is not required to provide services during the first 10 school days in a school year that a child with a disability is short-term removed if services are not provided to a child without a disability who has been similarly removed. (34 CFR 300.530(b)(2))

b. For additional short-term removals, which do not constitute a pattern, the local educational agency shall provide services to the extent determined necessary to enable the student to continue to participate in the general education curriculum and to progress toward meeting the goals of the student's IEP. School personnel, in consultation with the student's special education teacher, make the service determinations. (34 CFR 300.530(b)(2))

c. For additional short-term removals that do not constitute a pattern, the local educational agency shall ensure that children with disabilities are included in the Virginia Department of Education and divisionwide assessment programs in accordance with the provisions of subdivision 4 of 8VAC20-81-20. (20 USC §1412(a)(16)(A))

C. Long-term removals.

1. A long-term removal is for more than 10 consecutive school days; or

2. The child has received a series of short-term removals that constitutes a pattern:

a. Because the removals cumulate to more than 10 school days in a school year;

b. Because the child's behavior is substantially similar to the child's behavior in previous incidents that results in a series of removals; and

c. Because of such additional factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

3. The local educational agency determines on a case-by-case basis whether a pattern of removals constitutes a change in placement. This determination is subject to review through due process and judicial proceedings. (34 CFR 300.530(a) and (b) and 34 CFR 300.536)

4. On the date on which the decision is made to long-term remove the student because of a violation of a code of student conduct, the local educational agency shall notify the parent(s) of the decision and provide the parent(s) with the procedural safeguards. (34 CFR 300.530(h))

5. Special circumstances. (34 CFR 300.530(g))

a. School personnel may remove a child with a disability to an appropriate interim alternative educational setting for the same amount of time that a child without a disability would be subject to discipline, but for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, if:

(1) The child carries a weapon to or possesses a weapon at school or a school function under the jurisdiction of a local educational agency or the Virginia Department of Education; or

(2) The child knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function under the jurisdiction of a local educational agency or the Virginia Department of Education; or

b. The child inflicts seriously bodily injury upon another person at school or a school function under the jurisdiction of a local educational agency or the Virginia Department of Education.

c. For purposes of this part, "weapon," "controlled substance," and "serious bodily injury" have the meaning given the terms under 8VAC20-81-10.

6. Services during long-term removals.

Regulations

a. A child with a disability who is long-term removed receives services during the disciplinary removal so as to enable the student to: (34 CFR 300.530(d) and 34 CFR 300.531)

(1) Continue to receive educational services so as to enable the student to continue to participate in the general educational curriculum, although in another setting;

(2) Continue to receive those services and modifications including those described in the child's current IEP that will enable the child to progress toward meeting the IEP goals; and

(3) Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.

b. For long-term removals, the local educational agency shall ensure that children with disabilities are included in the Virginia Department of Education and divisionwide assessment programs in accordance with the provisions of subdivision 4 of 8VAC20-81-20. (20 USC §1412(a)(16)(A))

c. The IEP team determines the services needed for the child with a disability who has been long-term removed. (34 CFR 300.530(d)(5))

D. Manifestation determination. (34 CFR 300.530(c), (e), (f), and (g))

1. Manifestation determination is required if the local educational agency is contemplating a removal that constitutes a change in placement for a child with a disability who has violated a code of student conduct of the local educational agency that applies to all students.

2. The local educational agency, the parent(s), and relevant members of the child's IEP team, as determined by the parent and the local educational agency, constitute the IEP team that shall convene immediately, if possible, but not later than 10 school days after the date on which the decision to take the action is made.

3. The IEP team shall review all relevant information in the child's file, including the child's IEP, any teacher observations, and any relevant information provided by the parent(s).

4. The IEP team then shall determine the conduct to be a manifestation of the child's disability:

(1) If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

(2) If the conduct in question was the direct result of the local educational agency's failure to implement the child's IEP.

5. If the IEP team determines that the local educational agency failed to implement the child's IEP, the local educational agency shall take immediate steps to remedy those deficiencies.

6. If the IEP team determines that the child's behavior was a manifestation of the child's disability, the IEP team shall:

a. Conduct a functional behavioral assessment, unless the local educational agency had conducted this assessment before the behavior that resulted in the change in placement occurred, and implement a behavioral intervention plan for the child; or

b. If a behavioral intervention plan already has been developed, review this plan, and modify it, as necessary, to address the behavior; and

c. Return the child to the placement from which the child was removed, unless the parent and the local educational agency agree to a change in placement as part of the modification of the behavioral intervention plan. The exception to this provision is when the child has been removed for not more than 45 school days to an interim alternative educational setting for matters described in subdivision C 5 a of this section. In that case, school personnel may keep the student in the interim alternative educational setting until the expiration of the 45-day period.

7. If the IEP team determines that the child's behavior was not a manifestation of the child's disability, school personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to children without disabilities, except that services shall be provided in accordance with subdivision C 6 a of this section.

E. Appeal. (34 CFR 300.532(a) and (c))

1. If the child's parent(s) disagrees with the determination that the student's behavior was not a manifestation of the student's disability or with any decision regarding placement under these disciplinary procedures, the parent(s) may request an expedited due process hearing.

2. A local educational agency that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others, may request an expedited due process hearing.

3. The local educational agency is responsible for arranging the expedited due process in accordance with

the Virginia Department of Education's hearing procedures at 8VAC20-81-210.

a. The hearing shall occur within 20 school days of the date the request for the hearing is filed.

b. The special education hearing officer shall make a determination within 10 school days after the hearing.

c. Unless the parent(s) and the local educational agency agree in writing to waive the resolution meeting, or agree to use the mediation process,

(1) A resolution meeting shall occur within 7 calendar days of receiving the request for a hearing.

(2) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 calendar days of the receipt of the request for a hearing.

d. The decisions on expedited due process hearings are appealable consistent with 8VAC20-81-210.

F. Authority of the special education hearing officer.

1. A local educational agency may request an expedited due process hearing under the Virginia Department of Education's due process hearing procedures to effect a change in placement of a child with a disability for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, if the local educational agency believes that the child's behavior is likely to result in injury to self or others.

2. The special education hearing officer under 8VAC20-81-210 may: (34 CFR 300.532(a) and (b))

a. Return the child with a disability to the placement from which the child was removed if the special education hearing officer determines that the removal was a violation of subsections C and D of this section, or that the child's behavior was a manifestation of the child's disability; or

b. Order a change in the placement to an appropriate interim alternative educational setting for not more than 45 school days if the special education hearing officer determines that maintaining the current placement of the child is substantially likely to result in injury to the student or others.

3. A local educational agency may ask the special education hearing officer for an extension of 45 school days for the interim alternative educational setting of a child with a disability when school personnel believe that the child's return to the regular placement would result in injury to the student or others. (34 CFR 300.532(b)(3))

G. Placement during appeals. (34 CFR 300.533)

1. The child shall remain in the interim alternative educational setting pending the decision of the special education hearing officer, or

2. Until the expiration of the time for the disciplinary period set forth in this section, whichever comes first, unless the parent and the local educational agency agree otherwise.

H. Protection for children not yet eligible for special education and related services. (34 CFR 300.534)

1. A child who has not been determined to be eligible for special education and related services and who has engaged in behavior that violates a code of student conduct of the local educational agency may assert any of the protections provided in this chapter if the local educational agency had knowledge that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

2. A local educational agency shall be deemed to have knowledge that a child is a child with a disability if before the behavior that precipitated the disciplinary action occurred:

(a) The parent(s) of the child expressed concern in writing (or orally if the parent(s) does not know how to write or has a disability that prevents a written statement) to school personnel that the child is in need of special education and related services;

(b) The parent(s) of the child requested an evaluation of the child to be determined eligible for special education and related services; or

(c) A teacher of the child or school personnel expressed concern about a pattern of behavior demonstrated by the child directly to the director of special education of the local educational agency or to other supervisory personnel of the local educational agency.

3. A local educational agency would not be deemed to have knowledge that a child is a child with a disability if:

(a) The parent of the child has not allowed a previous evaluation of the child or has refused services; or

(b) The child has been evaluated in accordance with 8VAC20-81-70 and 8VAC20-81-80 and determined ineligible for special education and related services.

4. If the local educational agency does not have knowledge that a child is a child with a disability prior to taking disciplinary measures against the child, the child may be subjected to the same disciplinary measures applied to a child without a disability who engages in comparable behaviors.

Regulations

5. If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under this section, the evaluation shall be conducted in an expedited manner.

a. Until the evaluation is completed, the child remains in the educational placement determined by the school personnel, which can include suspension or expulsion without educational services.

b. If the child is determined to be a child with a disability, taking into consideration information from the evaluations conducted by the local educational agency and information provided by the parent(s), the local educational agency shall provide special education and related services as required for a child with a disability who is disciplined.

I. Referral to and action by law enforcement and judicial authorities. (34 CFR 300.535)

1. Nothing in this chapter prohibits a local educational agency from reporting a crime by a child with a disability to appropriate authorities, or prevents state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a child with a disability to the extent such action applies to a student without a disability.

2. In reporting the crime, the local educational agency shall ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom school personnel report the crime. Transmission of such records shall be in accordance with requirements under the Management of the Student's Scholastic Record in the Public Schools of Virginia (8VAC20-150).

J. Information on disciplinary actions. (34 CFR 300.229)

1. The Virginia Department of Education requires that local educational agencies include in the records of a child with a disability a statement of any current or previous disciplinary action that has been taken against the child.

2. Local educational agencies are responsible for transmitting the statement to the Virginia Department of Education upon request to the same extent that the disciplinary information is included in, and transmitted with, the student records of nondisabled students.

3. The statement may include:

a. A description of any behavior engaged in by the child who required disciplinary action;

b. A description of the disciplinary action; and

c. Any other information that is relevant to the safety of the child and other individuals involved with the child.

4. If the child transfers from one school to another, the transmission of any of the child's records shall include the child's current IEP and any statement of current or previous disciplinary action that has been taken against the child.

8VAC20-81-170. Procedural safeguards.

A. Opportunity to examine records; parent participation. (34 CFR 300.322(e), 34 CFR 300.500 and 34 CFR 300.501; 8VAC20-150)

1. Procedural safeguards. Each local educational agency shall establish, maintain, and implement procedural safeguards as follows:

a. The parent(s) of a child with a disability shall be afforded an opportunity to:

(1) Inspect and review all education records with respect to (i) the identification, evaluation, and educational placement of the child; and (ii) the provision of a free appropriate public education to the child.

(2) Participate in meetings with respect to the identification, evaluation, and educational placement of the child and the provision of a free appropriate public education to the child.

b. Parent participation in meetings.

(1) Each local educational agency shall provide notice to ensure that the parent(s) of a child with a disability has the opportunity to participate in meetings described in subdivision 1 a (2) of this subsection, including notifying the parent(s) of the meeting early enough to ensure that the parent has an opportunity to participate. The notice shall:

(a) Indicate the purpose, date, time, and location of the meeting and who will be in attendance;

(b) Inform the parent(s) that at their discretion or at the discretion of the local educational agency, other individuals who have knowledge or special expertise regarding the child, including related services personnel, as appropriate, may participate in meetings with respect to the identification, evaluation, and educational placement of the child and the provision of a free appropriate public education to the child;

(c) Inform the parent that the determination of the knowledge or special expertise shall be made by the party who invited the individual; and

(d) Inform the parent(s), in the case of a child who was previously served under Part C that an invitation to the

initial IEP team meeting shall, at the request of the parent, be sent to the Part C service coordinator or other representatives of Part C to assist with the smooth transition of services.

(2) A meeting does not include informal or unscheduled conversations involving local educational agency personnel and conversations on issues such as teaching methodology, lesson plans, or coordination of service provision if those issues are not addressed in the child's IEP. A meeting also does not include preparatory activities that local educational agency personnel engage in to develop a proposal or a response to a parent proposal that will be discussed at a later meeting.

c. Parent involvement in placement decisions.

(1) Each local educational agency shall ensure that a parent(s) of each child with a disability is a member of the IEP team that makes decisions on the educational placement of their child or any Comprehensive Services Act team that makes decisions on the educational placement of their child.

(2) In implementing the requirements of subdivision 1 c (1) of this subsection, the local educational agency shall provide notice in accordance with the requirements of 8VAC20-81-110 E.

(3) If neither parent can participate in a meeting in which a decision is to be made relating to the educational placement of their child, the local educational agency shall use other methods to ensure their participation, including individual or conference telephone calls, or video conferencing.

(4) A placement decision may be made by the IEP or Comprehensive Services Act team without the involvement of the parent(s) if the local educational agency is unable to obtain the parents' participation in the decision. In this case, the local educational agency shall have a record of its attempt to ensure the parents' involvement.

(5) The local educational agency shall take whatever action is necessary to ensure that the parent(s) understand and are able to participate in, any group discussions relating to the educational placement of their child, including arranging for an interpreter for a parent(s) with deafness, or whose native language is other than English.

(6) The exception to the IEP team determination regarding placement is with disciplinary actions involving interim alternative education settings for 45-day removals under 8VAC20-81-160 D 6 c. (34 CFR 300.530(f)(2) and (g))

B. Independent educational evaluation.

1. General. (34 CFR 300.502(a))

a. The parent(s) of a child with a disability shall have the right to obtain an independent educational evaluation of the child.

b. The local educational agency shall provide to the parent(s) of a child with a disability, upon request for an independent educational evaluation, information about where an independent educational evaluation may be obtained and the applicable criteria for independent educational evaluations.

2. Parental right to evaluation at public expense. (34 CFR 300.502(a), (b), and (e))

a. The parent(s) has the right to an independent educational evaluation at public expense if the parent(s) disagrees with an evaluation component obtained by the local educational agency.

b. If the parent(s) requests an independent educational evaluation at public expense, the local educational agency shall, without unnecessary delay, either:

(1) Initiate a due process hearing to show that its evaluation is appropriate; or

(2) Ensure that an independent educational evaluation is provided at public expense, unless the local educational agency demonstrates in a due process hearing that the evaluation obtained by the parent(s) does not meet the local educational agency's criteria.

c. If the local educational agency initiates a due process hearing and the final decision is that the local educational agency's evaluation is appropriate, the parent(s) still has the right to an independent educational evaluation, but not at public expense.

d. If the parent(s) requests an independent educational evaluation, the local educational agency may ask the reasons for the parent's objection to the public evaluation. However, the explanation by the parent(s) may not be required and the local educational agency may not unreasonably delay either providing the independent educational evaluation at public expense or initiating a due process hearing to defend the public evaluation.

e. A parent is entitled to only one independent educational evaluation at public expense each time the public educational agency conducts an evaluation component with which the parent disagrees.

f. If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, shall be the same as the criteria that the local educational agency uses when it initiates an evaluation, to the extent those

Regulations

criteria are consistent with the parent's right to an independent educational evaluation. Except for the criteria, a local educational agency may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense.

3. Parent-initiated evaluations. If the parent obtains an independent educational evaluation at public expense or shares with the local educational agency an evaluation obtained at private expense, the results of the evaluation: (34 CFR 300.502(c))

a. Shall be considered by the local educational agency, if it meets local educational agency criteria, in any decision regarding a free appropriate public education for the child; and

b. May be presented by any party as evidence at a hearing under 8VAC20-81-210.

4. Requests for evaluations by special education hearing officers. If a special education hearing officer requests an independent educational evaluation for an evaluation component, as part of a hearing on a due process complaint, the cost of the evaluation shall be a public expense. (34 CFR 300.502(d))

C. Prior written notice by the local educational agency; content of notice.

1. Prior written notice shall be given to the parent(s) of a child with a disability within a reasonable time before the local educational agency: (34 CFR 300.503(a))

a. Proposes to initiate or change the identification, evaluation, or educational placement (including graduation with a standard or advanced studies diploma) of the child, or the provision of a free appropriate public education for the child; or

b. Refuses to initiate or change the identification, evaluation, or educational placement of the child, or the provision of a free appropriate public education for the child.

2. The notice shall include: (34 CFR 300.503(b))

a. A description of the action proposed or refused by the local educational agency;

b. An explanation of why the local educational agency proposes or refuses to take the action;

c. A description of any other options the IEP team considered and the reasons for the rejection of those options;

d. A description of each evaluation procedure, assessment, record, or report the local educational agency used as a basis for the proposed or refused action;

e. A description of any other factors that are relevant to the local educational agency's proposal or refusal;

f. A statement that the parent(s) of a child with a disability have protection under the procedural safeguards of this chapter and, if the notice is not an initial referral for evaluation, the means by which a copy of a description of the procedural safeguards can be obtained; and

g. Sources for the parent(s) to contact in order to obtain assistance in understanding the provisions of this section.

3. a. The notice shall be: (i) written in language understandable to the general public; and (ii) provided in the native language of the parent(s) or other mode of communication used by the parent(s), unless it is clearly not feasible to do so. (34 CFR 300.503(c))

b. If the native language or other mode of communication of the parent(s) is not a written language, the local educational agency shall take steps to ensure that:

(1) The notice is translated orally or by other means to the parent(s) in their native language or other mode of communication;

(2) The parent(s) understand the content of the notice; and

(3) There is written evidence that the requirements of subdivisions (1) and (2) of this subdivision have been met.

D. Procedural safeguards notice. (34 CFR 300.504 and 34 CFR 300.508(e)(1))

1. A copy of the procedural safeguards available to the parent(s) of a child with a disability shall be given to the parent(s) by the local educational agency only one time a school year, except that a copy shall be given to the parent(s) upon:

a. Initial referral for or parent request for evaluation;

b. If the parent requests an additional copy;

c. Receipt of the first state complaint during a school year;

d. Receipt of the first request for a due process hearing during a school year; and

e. On the date on which the decision is made to make a disciplinary removal that constitutes a change in placement.

2. The local educational agency may place a current copy of the procedural safeguards notice on its Internet website if a website exists, but the local educational agency does not meet its obligation under subdivision 1

of this subsection by directing the parent to the website. The local educational agency shall offer the parent(s) a printed copy of the procedural safeguards notice in accordance with subdivision 1.

3. The procedural safeguards notice shall include a full explanation of all of the procedural safeguards available relating to:

- a. Independent educational evaluation;
 - b. Prior written notice;
 - c. Parental consent;
 - d. Access to educational records;
 - e. Opportunity to present and resolve complaints through the due process procedures;
 - f. The availability of mediation;
 - g. The child's placement during pendency of due process proceedings;
 - h. Procedures for students who are subject to placement in an interim alternative educational setting;
 - i. Requirements for unilateral placement by parents of children in private schools at public expense;
 - j. Due process hearings, including requirements for disclosure of evaluation results and recommendations;
 - k. Civil actions, including the time period in which to file those actions;
 - l. Attorneys' fees; and
 - m. The opportunity to present and resolve complaints through the state complaint procedures, including:
 - (1) The time period in which to file a complaint;
 - (2) The opportunity for the local educational agency to resolve the complaint; and
 - (3) The difference between the due process and the state complaint procedures, including the applicable jurisdiction, potential issues, and timelines for each process.
4. The notice required under this subsection shall meet the prior notice requirements regarding understandable language in subdivision C 3 of this section.

E. Parental consent.

1. Required parental consent. Informed parental consent is required before:

- a. Conducting an initial evaluation or reevaluation, including a functional behavioral assessment if such assessment is not a review of existing data conducted at an IEP meeting; (34 CFR 300.300(a)(1)(i))

b. An initial eligibility determination or any change in categorical identification;

c. Initial provision of special education and related services to a child with a disability; (34 CFR 300.300(b)(1))

d. Any revision to the child's IEP services, except as outlined in subdivision 2 f of this subsection;

e. Accessing a child's public benefits or insurance or private insurance proceeds in accordance with subsection F of this section; and (34 CFR 300.154)

f. Inviting to an IEP meeting a representative of any participating agency that is likely to be responsible for providing or paying for secondary transition services. (34 CFR 300.321(b)(3))

2. Parental consent not required. Parental consent is not required before:

a. Review of existing data as part of an evaluation or a reevaluation, including a functional behavioral assessment; (34 CFR 300.300(d)(1))

b. Administration of a test or other evaluation that is administered to all children unless, before administration of that test or evaluation, consent is required of the parent(s) of all children; (34 CFR 300.300(d)(1))

c. The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation; (34 CFR 300.302)

d. Administration of a test or other evaluation that is used to measure progress on the child's IEP goals;

e. A teacher's or related service provider's observations or ongoing classroom evaluations;

f. Any partial or complete termination of special education and related services;

g. Conducting an initial evaluation of a child who is a ward of the state and who is not residing with his parent(s) if: (34 CFR 300.300(a)(2))

(1) Despite reasonable efforts, the local educational agency cannot discover the whereabouts of the parent(s);

(2) The parent's rights have been terminated; or

(3) The rights of the parent(s) to make educational decisions have been subrogated by a judge and an individual appointed by the judge to represent the child has consent to the initial evaluation.

h. The local educational agency provides a free appropriate public education to children with disabilities who transfer public agencies in Virginia or

Regulations

transfer to Virginia from another state in accordance with 8VAC20-81-120. (34 CFR 300.323(e) and (f))

3. Revoking consent. If a parent revokes consent, that revocation is not retroactive in accordance with the definition of "consent" at 8VAC20-81-10.

4. Refusing consent.

a. If the parent(s) refuses consent for initial evaluation or a reevaluation, the local educational agency may, but is not required to, use mediation or due process hearing procedures to pursue the evaluation. The local educational agency does not violate its obligations under this chapter if it declines to pursue the evaluation. (34 CFR 300.300(a)(3) and (c)(1))

b. If the parent(s) refuses to consent to the initial provision of special education and related services: (34 CFR 300.300(b)(3) and (4))

(1) The local educational agency may not use mediation or due process hearing procedures to obtain parental consent, or a ruling that the services may be provided to the child;

(2) The local educational agency's failure to provide the special education and related services to the child for which consent is requested is not considered a violation of the requirement to provide FAPE; and

(3) The local educational agency is not required to convene an IEP meeting or to develop an IEP for the child for the special education and related services for which the local educational agency requests consent. However, the local educational agency may convene an IEP meeting and develop an IEP to inform the parent about the services that may be provided with parental consent.

c. If the parent(s) of a parentally-placed private school child refuses consent for an initial evaluation or a reevaluation, the local educational agency: (34 CFR 300.300(d)(4))

(1) May not use mediation or due process hearing procedures to obtain parental consent, or a ruling that the evaluation of the child may be completed; and

(2) Is not required to consider the child as eligible for equitable provision of services in accordance with 8VAC20-81-150.

d. A local educational agency may not use a parent's refusal to consent to one service or activity to deny the parent(s) or child any other service, benefit, or activity of the local educational agency, except as provided by this chapter. (34 CFR 300.300(d)(3))

5. Withholding consent.

a. If the parent(s) fails to respond to a request to consent for an initial evaluation, the local educational agency may, but is not required to, use mediation or due process hearing procedures to pursue the evaluation. The local educational agency does not violate its obligations under this chapter if it declines to pursue the evaluation. (34 CFR 300.300(a)(3) and (c)(1))

A local educational agency may presume that a parent has authority to inspect and review records relating to the parent's children unless the local educational agency has been advised that the parent does not have the authority under applicable Virginia law governing such matters as guardianship, separation, and divorce.

2. Record of access. Each local educational agency shall keep a record of parties, except parents and authorized employees of the local educational agency, obtaining access to education records collected, maintained, or used under Part B of the Act, including the name of the party, the date of access, and the purpose for which the party is authorized to use the records. 6. Amendment of records at parent's request. (34 CFR 300.618)

b. That procedures exist for appointing the parent(s) or, if the parent(s) are not available, another appropriate individual to represent the educational interests of the student throughout the student's eligibility for special education and related services if the student is determined not to have the ability to provide informed consent with respect to the

educational program as specified in subsection C of this section.

2. The local educational agency shall include a statement on the IEP (beginning at least one year before the student reaches the age of majority) that the student has been informed of the rights that will transfer to the student on reaching the age of 18. (34 CFR 300.320(c))

5. The adult student may invite the student's parent(s) to participate in meetings where decisions are being made regarding the student's educational program.

C. A student who has reached the age of 18 years shall be presumed to be a competent adult, and thus all rights under the Act shall transfer to the adult student, unless one of the following actions has been taken:

1. The adult student is declared legally incompetent or legally incapacitated by a court of competent jurisdiction and a representative has been appointed by the court to make decisions for the student;

2. The adult student designates, in writing, by power of attorney or similar legal document, another competent adult to be the student's agent to receive notices and to participate in meetings and all other procedures related to the student's educational program. A local educational agency shall rely on such designation until notified that the authority to act under the designation is revoked, terminated, or superseded by court order or by the adult student;

3. The adult student is certified, according to the following procedures, as unable to provide informed consent. Any adult student who is found eligible for special education pursuant to this chapter and does not have a representative appointed to make decisions on the adult student's behalf by a court of competent jurisdiction may have an educational representative appointed based on the following certification procedure to act on the student's behalf for all matters described in this chapter and to exercise rights related to the student's scholastic record. An educational representative may be appointed based on the following conditions and procedures: (34 CFR 300.520(b))

a. Two professionals (one from list one and one from list two, as set out in the following subdivisions,) shall, based on a personal examination or interview,

certify in writing that the adult student is incapable of providing informed consent and that the student has been informed of this decision:

(2) List two includes (i) a medical doctor licensed in the state where the doctor practices medicine; (ii) a licensed clinical psychologist; (iii) a licensed clinical social worker; (iv) an attorney who is qualified to serve as a guardian ad litem for adults under the rules of the Virginia Supreme Court; or (v) a court-appointed special advocate for the adult student.

b. The individuals who provide the certification in subdivision 3 a of this subsection may not be employees of the local educational agency currently serving the adult student or be related by blood or marriage to the adult student.

(1) Understand the nature, extent and probable consequences of a proposed educational program or option on a continuing or consistent basis;

(2) Make a rational evaluation of the benefits or disadvantages of a proposed educational decision or program as compared with the benefits or disadvantages of another proposed educational decision or program on a continuing or consistent basis; or

(3) Communicate such understanding in any meaningful way.

d. The certification that the adult student is incapable of providing informed consent may be made as early as 60 calendar days prior to the adult student's eighteenth birthday or 65 business days prior to an eligibility meeting if the adult student is undergoing initial eligibility for special education services.

e. The certification shall state when and how often a review of the adult student's ability to provide informed consent shall be made and why that time period was chosen.

f. The adult student's ability to provide informed consent shall be recertified at any time that the previous certifications are challenged. Challenges can be made by the student or by anyone with a bona fide interest and knowledge of the adult student, except that challenges cannot be made by employees of local educational agencies. Challenges shall be provided in

Regulations

writing to the local educational agency's administrator of special education who then shall notify the adult student and current appointed representative.

(1) Upon receipt of a written challenge to the certification by the adult student, the local educational agency may not rely on an educational representative, appointed pursuant to subsection D of this section, for any purpose until a designated educational representative is affirmed by a court of competent jurisdiction;

(2) Upon receipt of a written challenge to the certification by anyone with a bona fide interest and knowledge of the adult student, the local educational agency may not rely on an educational representative, appointed pursuant to subsection D of this section for any purpose until a more current written certification is provided by the appointed educational representative. Certifications provided after a challenge are effective for 60 calendar days, unless a proceeding in a court of competent jurisdiction is filed challenging and requesting review of the certifications. The local educational agency shall not rely upon the designated educational representative until the representative is affirmed by the court; or

4. The adult student, based on certification by written order from a judge of competent jurisdiction, is admitted to a facility for the training, treatment and habilitation of persons with mental retardation in accordance with §37.2-806 of the Code of Virginia. The state-operated program serving the adult student may rely on the judicial certification and appoint an educational representative to act on the student's behalf during the student's stay at the state-operated program.

D. If the local educational agency receives written notification of the action in subdivision C 3 of this section or if the state-operated program receives the judicial certification in subdivision C 4 of this section, the local educational agency shall designate the parent(s) of the adult student to act as an educational representative of the adult student (unless the student is married, in which event the student's adult spouse shall be designated as educational representative).

1. If the parent(s) or adult spouse is not available and competent to give informed consent, the administrator of special education or designee shall designate a competent individual from among the following:

- a. An adult brother or sister;
- b. An adult aunt or uncle; or
- c. A grandparent.

2. If no family member from the previous categories is available and competent to serve as the adult student's

8VAC20-81-190. Mediation.

A. Each local educational agency shall ensure that the parent(s) of a child with a disability are informed of the option of mediation to resolve disputes involving the identification, evaluation of the child, or educational placement and services of the child or the provision of a free appropriate public education to the child, including matters arising prior to the filing of a state complaint or request for a due process hearing. Mediation is available to resolve these issues at any time a joint request is made to the Virginia Department of Education from a school representative and a parent. (§22.1-214 B of the Code of Virginia; 34 CFR 300.506(a))

B. The local educational agency shall use the Virginia Department of Education's mediation process to resolve such disputes. The procedures shall ensure that the process is: (§22.1-214 B of the Code of Virginia; 34 CFR 300.506(b)(1))

2. Not used to deny or delay a parent's(s') right to a due process hearing or to deny any other rights afforded under the Act; and
3. Conducted by a qualified and impartial mediator who is trained in effective mediation techniques and who is knowledgeable in laws and regulations relating to the provision of special education and related services.

C. The local educational agency or the Virginia Department of Education may establish procedures to offer parents and schools who choose not to use the mediation process an opportunity to meet, at a time and location convenient to them, with a disinterested party who is under contract with a parent training and information center or community parent resource center in Virginia established under §1472 or 1473 of the Act; or an appropriate alternative dispute resolution entity. The purpose of the meeting would be to explain the benefits of and encourage the parent(s) to use the mediation process. (34 CFR 300.506(b)(2))

D. In accordance with the Virginia Department of Education's procedures: (34 CFR 300.506(b)(3) and (4))

b. Is signed by both the parent and a representative of the local educational agency who has the authority to bind the local educational agency; and

c. Is enforceable in any state or federal court of competent jurisdiction.

3. Guarantee that discussions that occur during the mediation process are confidential and may not be used as evidence in any subsequent due process hearings or civil proceedings of any state or federal court. Parties to the mediation process may be required to sign a consent form to mediate containing a confidentiality pledge prior to the commencement of the mediation process.

F. An individual who serves as a mediator: (34 CFR 300.506)

1. May not be an employee of any local educational agency or the Virginia Department of Education if the Virginia Department of Education is providing direct services to a child who is the subject of the mediation process;

2. Shall not have a personal or professional conflict of interest, including relationships or contracts with schools or parents outside of mediations assigned by the Virginia Department of Education; and

The complainant is given directions for resubmission of the complaint to the Virginia Department of Education.

D. Upon receipt of a valid complaint, the Virginia Department of Education shall initiate an investigation to determine whether the local educational agency is in compliance with applicable law and regulations in accordance with the following procedures: (34 CFR 300.151 and 34 CFR 300.152)

Regulations

b. The notification sent to the complainant and the local educational agency shall provide the complainant and the local educational agency with an opportunity to submit additional information about the allegations in the complaint, either orally or in writing. c. If the complaint is filed by an individual other than the child's parent(s) and/or their legal counsel, the Virginia Department of Education sends written notification to the complainant acknowledging receipt of the complaint. The complainant is notified that the parent will be informed of the receipt of the complaint and provided a copy of the complaint and pertinent correspondence. The Virginia Department of Education's final determination of compliance or

noncompliance will be issued to the parent(s) and the local educational agency, unless the complainant has obtained and filed the appropriate consent for release of information.

2. If a reply from the local educational agency is not filed with the Virginia Department of Education within 10 business days of the receipt of the notice, the Virginia Department of Education shall send a second notice to the local educational agency advising that failure to respond within seven business days of the date of such notice will result in review by the Superintendent of Public Instruction or designee for action regarding appropriate sanctions.

3. The Virginia Department of Education shall review the complaint and reply filed by the local educational agency to determine if further investigation or corrective action needs to be taken.

a. If the complaint is also the subject of a due process hearing or if it contains multiple issues of which one or more are part of that due process hearing, the Virginia Department of Education shall:

(1) Set aside any part of the complaint that is being addressed in the due process hearing until the conclusion of the hearing; and

(2) Resolve any issue in the complaint that is not a part of the due process hearing involving the same parties.

c. The Virginia Department of Education shall resolve a complaint alleging that the local educational agency has failed to implement a due process hearing decision.

4. During the course of the investigation, the Virginia Department of Education shall:

a. Conduct an investigation of the complaint that shall include a complete review of all relevant documentation and may include interviews with appropriate individuals, and an independent on-site investigation, if necessary.

b. Consider all facts and issues presented and the applicable requirements specified in law, regulations, or standards.

c. Make a determination of compliance or noncompliance on each issue in the complaint based upon the facts and applicable law, regulations, or standards and notify the parties in writing of the findings and the bases for such findings.

(1) The Virginia Department of Education has 60 calendar days after the valid written complaint is received to carry out the investigation and to resolve the complaint.

(2) An extension of the 60-calendar-day time limit may occur if exceptional circumstances exist with respect to a particular complaint or if the parties involved agree to extend the time to engage in mediation or other alternative means of dispute resolution.

b. Appropriate future provision of services for all children with disabilities.

E. Parties to the complaint procedures shall have the right to appeal the final decision to the Virginia Department of Education within 30 calendar days of the issuance of the decision in accordance with procedures established by the Virginia Department of Education.

F. When the local educational agency develops a plan of action to correct the violations, such plan shall include timelines to correct violations not to exceed 30 business days unless circumstances warrant otherwise. The plan of action will also include a description of all changes

contemplated and shall be subject to approval of the Virginia Department of Education.

G. If the local educational agency does not come into compliance within the period of time set forth in the notification, the matter will be referred to the Superintendent of Public Instruction or designee for an agency review and referral to the Virginia Board of Education, if deemed necessary.

H. If, after reasonable notice and opportunity for a hearing by the Virginia Board of Education, under the provisions of 8VAC20-81-290, it is determined that the local educational agency has failed to comply with applicable laws and regulations and determines that compliance cannot be secured by voluntary means, then the Superintendent of Public Instruction shall issue a decision in writing stating that state and federal funds for the education of children with disabilities shall not be made available to that local educational agency until there is no longer any failure to comply with the applicable law or regulation. (8) Unjustified refusal to accept assignments;

(9) Failure to complete training requirements as outlined by the Virginia Department of Education; or

(10) Professional disciplinary action.

b. When one or more of the allegations outlined in subdivision 3 a of this subsection have been established by the Virginia Department of Education, the special education hearing officer may be removed from the Virginia Department of Education's list of special education hearing officers.

c. A special education hearing officer may be disqualified for a specific case.

(1) A special education hearing officer shall voluntarily disqualify himself and withdraw from any case in which he cannot accord a fair and impartial hearing or consideration, or when required by applicable rules governing the practice of law in Virginia.

(2) Any party may request disqualification of a special education hearing officer by filing an affidavit with the Virginia Department of Education prior to taking evidence at a due process hearing.

(a) The affidavit shall state, with particularity, the grounds upon which it is claimed that a fair and impartial hearing cannot be accorded, or the applicable rule of practice requiring disqualification.

(b) The special education hearing officer shall provide a response no less than 10 calendar days prior to the due process hearing. No oral hearing is permitted.

(c) The filing of such an affidavit shall not stay the proceedings or filing requirements in any way except the due process hearing may not be held.

(d) If the Virginia Department of Education determines that the special education hearing officer is not disqualified, the due process hearing shall proceed as scheduled.

(e) If the special education hearing officer is disqualified, the Virginia Department of Education shall appoint a new special education hearing officer so that the hearing can proceed as scheduled whenever possible.

4. Reviewing and analyzing the decisions of special education hearing officers, and the requirement for special education hearing officers to reissue decisions, relative to correct use of citations, readability, and other errors such as incorrect names or conflicting data, but not errors of law that are reserved for appellate review.

C. Filing the request for a due process hearing. If any of the following provisions are challenged by one of the parties in a due process hearing, the special education hearing officer determines the outcome of the case going forward.

1. The request for due process shall allege a violation that happened not more than two years before the parent(s) or the local educational agency knew or should have known about the alleged action that forms the basis of the request for due process. This timeline does not apply if the request for a due process hearing could not be filed because: (34 CFR 300.507(b) and 34 CFR 300.511(e) and (f))

a. The local educational agency specifically misrepresented that it had resolved the issues identified in the request; or

b. The local educational agency withheld information that it was required to provide under the IDEA.

2. A local educational agency may initiate a due process hearing to resolve a disagreement when the parent(s) withholds or refuses consent for an evaluation or an action that requires parental consent to provide services to a student who has been identified as a student with a disability or who is suspected of having a disability. However, a local educational agency may not initiate a due process hearing to resolve parental withholding or refusing consent for the initial provision of special education to the child. (34 CFR 300.300(a)(3)(i) and 34 CFR 300.300(b)(3))

3. In circumstances involving disciplinary actions, the parent(s) of a student with a disability may request an expedited due process hearing if the parent(s) disagrees with: (34 CFR 300.532)

a. The manifestation determination regarding whether the child's behavior was a manifestation of the child's disability; or

b. Any decision regarding placement under the disciplinary procedures.

4. In circumstances involving disciplinary actions, the local educational agency may request an expedited hearing if the school division believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others. (34 CFR 300.532)

D. Procedure for requesting a due process hearing. (34 CFR 300.504(a)(2), 34 CFR 300.507, 34 CFR 300.508 and 34 CFR 300.511)

1. A request for a hearing shall be made in writing to the local educational agency and the Virginia Department of Education.

a. If the local educational agency initiates the due process hearing, the local educational agency shall advise the parent(s) and the Virginia Department of Education in writing of this action.

b. If the request is received solely by the Virginia Department of Education, the Virginia Department of Education shall immediately notify the local educational agency by telephone or by facsimile and forward a copy of the request to the local educational agency as soon as reasonably possible, including those cases where mediation is requested.

c. The request for a hearing shall be kept confidential by the local educational agency and the Virginia Department of Education.

2. A party may not have a due process hearing until that party or the attorney representing the party files a notice that includes:

a. The name of the child;

b. The address of the residence of the child (or available contact information in the case of a homeless child);

c. The name of the school the child is attending;

d. A description of the nature of the child's problem relating to the proposed or refused initiation or change, including facts relating to the problem; and

e. A proposed resolution of the problem to the extent known and available to the parent(s) at the time of the notice.

3. The due process notice shall be deemed sufficient unless the party receiving the notice notifies the special education hearing officer and the other party in writing that the receiving party believes the notice has not met the requirements listed in subdivision 2 of this subsection.

4. The party receiving the notice may challenge the sufficiency of the due process notice by providing a notification of the challenge to the special education hearing officer within 15 calendar days of receipt of the due process request. A copy of the challenge shall be sent to the other party and the Virginia Department of Education.

5. Within five calendar days of receipt of the notification challenging the sufficiency of the due process notice, the special education hearing officer shall determine on the face of the notice whether the notification meets the requirements in subdivision 2 of this subsection.

6. The party requesting the due process hearing shall not be allowed to raise issues at the due process hearing that

Regulations

were not raised in the notice filed as described in subdivision 2 of this subsection.

If the local educational agency is not the initiating party to the due process hearing proceeding, the special education hearing officer has the discretionary authority to permit the local educational agency to raise issues at the hearing that were not raised in the parent's(s) request for due process in light of particular facts and circumstances of the case.

7. The local educational agency shall upon receipt of a request for a due process hearing, inform the parent(s) of the availability of mediation described in 8VAC20-81-190 and of any free or low-cost legal and other relevant services available in the area. The local educational agency also shall provide the parent(s) with a copy of the procedural safeguards notice upon receipt of the parent's(s) first request for a due process hearing in a school year.

E. Amendment of due process notice. (34 CFR 300.508(d)(3))

1. A party may amend its due process notice only if:

a. The other party consents in writing to such amendment and is given the opportunity to resolve the complaint through a resolution meeting;

b. The special education hearing officer grants permission, except that the special education hearing officer may only grant such permission at any time not later than five calendar days before a due process hearing occurs.

2. The applicable timeline for a due process hearing under this part shall begin again at the time the party files an amended notice, including the timeline for resolution sessions.

F. Assignment of the special education hearing officer. (34 CFR 300.511)

1. Within five business days of receipt of the request for a nonexpedited hearing and three business days of receipt of the request for an expedited hearing:

b. The Virginia Department of Education contacts the special education hearing officer to confirm availability, and upon acceptance, notifies the local educational agency of the appointment.

c. The local educational agency notifies the special education hearing officer in writing, with a copy to the parent(s) and the Virginia Department of Education of the appointment.

2. Upon request, the Virginia Department of Education shall share information on the qualifications of the special education hearing officer with the parent(s) and the local educational agency.

3. Either party has five business days after notice of the appointment is received or the basis for the objection becomes known to the party to object to the appointment by presenting a request for consideration of the objection to the special education hearing officer.

a. If the special education hearing officer's ruling on the objection does not resolve the objection, then within five business days of receipt of the ruling the party may proceed to file an objection with the Virginia Department of Education. The failure to file a timely objection serves as a waiver of objections that were known or should have been known to the party.

b. The filing of a request for removal or disqualification shall not stay the proceedings or filing requirements in any way except that the hearing may not be conducted until the Virginia Department of Education issues a decision on the request in accordance with the Virginia Department of Education's procedures.

c. If a special education hearing officer recuses himself or is otherwise disqualified, the Virginia Department of Education ensures that another special education hearing officer is promptly appointed.

4. A hearing shall not be conducted by a person who:

a. Has a personal or professional interest that would conflict with that person's objectivity in the hearing;

b. Is an employee of the Virginia Department of Education or the local educational agency that is involved in the education and care of the child. A person who otherwise qualifies to conduct a hearing is not an employee of the agency solely because he is paid by the agency to serve as a special education hearing officer.

c. Represents schools or parents in any matter involving special education or disability rights, or is an employee of any parent rights agency or organization, or disability rights agency or organization.

5. A special education hearing officer shall:

a. Possess knowledge of, and the ability to understand, the provisions of the Act, federal and state regulations pertaining to the Act, and legal interpretations of the Act by federal and state courts;

b. Possess the knowledge and ability to conduct hearings in accordance with appropriate, standard legal practice; and

G. Duration of the special education hearing officer's authority.

1. The special education hearing officer's authority begins with acceptance of the case assignment.

2. The special education hearing officer has authority over a due process proceeding until:

a. Issuance of the special education hearing officer's decision;

b. The Virginia Department of Education revokes such authority by removing or disqualifying the special education hearing officer.

H. Child's status during administrative or judicial proceedings. (34 CFR 300.518; 34 CFR 300.533)

1. Except as provided in 8VAC20-81-160, during the pendency of any administrative or judicial proceeding, the child shall remain in the current educational placement unless the parent(s) of the child and local educational agency agree otherwise;

2. If the proceeding involves an application for initial admission to public school, the child, with the consent of the parent(s), shall be placed in the public school until the completion of all the proceedings;

3. If the decision of a special education hearing officer agrees with the child's parent(s) that a change of placement is appropriate, that placement shall be treated as an agreement between the local educational agency and the parent(s) for the purposes of subdivision 1 of this section;

4. The child's placement during administrative or judicial proceedings regarding a disciplinary action by the local educational agency shall be in accordance with 8VAC20-81-160;

5. The child's placement during administrative or judicial proceedings regarding a placement for noneducational reasons by a Comprehensive Services Act team shall be in accordance with 8VAC20-81-150; or

6. If the proceeding involves an application for initial services under Part B of the Act from Part C and the child is no longer eligible for Part C services because the child has turned three, the school division is not required to provide the Part C services that the child had been receiving. If the child is found eligible for special education and related services under Part B and the parent consents to the initial provision of special education and related services, the school division shall

provide those special education and related services that are not in dispute between the agency and the school division.

I. Rights of parties in the hearing. (§22.1-214 C of the Code of Virginia; 34 CFR 300.512)

4. Upon request by one of the parties to schedule a prehearing conference, determine the scope of the conference and conduct the conference via telephone call or in person. 7. Ascertain from the parent(s) whether the hearing will be open to the public;

8. Ensure that the parties have the right to a written or, at the option of the parent(s), an electronic verbatim record of the proceedings and that the record is forwarded to the local educational agency for the file after making a decision;

Regulations

b. Significantly impeded the parent's(s') opportunity to participate in the decision making process regarding the provision of a free appropriate public education to the parents' child; or

18. Maintain a well-documented record and return the official record to the local educational agency upon conclusion of the case; and

3. Issue subpoenas requiring testimony or the productions of books, papers, and physical or other evidence:

a. The special education hearing officer shall rule on any party's motion to quash or modify a subpoena. The special education hearing officer shall issue the ruling in writing to all parties with copy to the Virginia Department of Education.

b. The special education hearing officer may request an order of enforcement for a subpoena in the circuit court of the jurisdiction in which the hearing is to be held.

c. Any person so subpoenaed may petition the circuit court for a decision regarding the validity of such subpoena if the special education hearing officer does not quash or modify the subpoena after objection;

4. Administer an oath to witnesses testifying at a hearing and require all witnesses to testify under oath or affirmation when testifying at a hearing;

5. Stop hostile or irrelevant pursuits in questioning and require that the parties and their attorneys, advocates, or advisors comply with the special education hearing officer's rules and with relevant laws and regulations;

7. Refer the matter in dispute to a conference between the parties when informal resolution and discussion appear to be desirable and constructive. This action shall not be used to deprive the parties of their rights and shall be exercised only when the special education hearing officer determines that the best interests of the child will be served;

8. Require an independent educational evaluation of the child. This evaluation shall be at public expense and shall be conducted in accordance with 8VAC20-81-170;

9. a. At the request of either party for a nonexpedited hearing, grant specific extensions of time beyond the periods set out in this chapter, if in the best interest of the child. This action shall in no way be used to deprive the parties of their rights and shall be exercised only when the requesting party has provided sufficient information that the best interests of the child will be served by the grant of an extension. The special education hearing officer may grant such requests for cause, but not for personal attorney convenience. Changes in hearing dates or timeline extensions shall be noted in writing and sent to all parties and to the Virginia Department of Education.

13. Hold an expedited hearing when a parent of a child with a disability disagrees with any decision regarding a change in placement for a child who violates a code of student conduct, or a manifestation determination, or a local educational agency believes that maintaining the

current placement of the child is substantially likely to result in injury to the child or others.

a. The hearing shall occur within 20 school days of the date the due process notice is received. The special education hearing officer shall make a determination within 10 school days after the hearing.

b. Unless the parents and LEA agree in writing to waive the resolution meeting or agree to use the mediation process:

(1) A resolution meeting shall occur within seven days of receiving notice of the due process notice; and

(2) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 calendar days of the receipt of the due process notice.

c. Once a determination is made, the special education hearing officer may:

(1) Return the child with a disability to the placement from which the child was removed if the special education hearing officer determines that the removal was a violation of special education disciplinary procedures or that the child's behavior was a manifestation of the child's disability; or

(2) Order a change of placement of the child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the special education hearing officer determines that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

O. Timelines for nonexpedited due process hearings. (34 CFR 300.510 and 34 CFR 300.515)

1. Resolution meeting.

a. Within 15 days of receiving notice of the parent's(s') due process notice, and prior to the initiation of the due process hearing, the school division shall convene a meeting with the parent and the relevant member(s) of the IEP Team who have specific knowledge of the facts identified in the due process notice that:

(1) Includes a representative of the local educational agency who has decisionmaking authority on behalf of the local educational agency; and

(2) May not include an attorney of the local educational agency unless the parent is accompanied by an attorney.

b. The purpose of the meeting is for the parent of the child to discuss the due process issues, and the facts that form the basis of the due process request, so that the local educational agency has the opportunity to

resolve the dispute that is the basis for the due process request.

c. The meeting described in subdivisions 1 a and 1 b of this subsection need not be held if:

(1) The parent and the local educational agency agree in writing to waive the meeting; or

(2) The parent and the local educational agency agree to use the mediation process described in this chapter.

d. The parent and the local educational agency determine the relevant members of the IEP Team to attend the meeting.

2. Resolution period.

a. If the local educational agency has not resolved the due process issues to the satisfaction of the parent within 30 calendar days of the receipt of the due process notice, the due process hearing may occur.

b. Except as provided in subdivision 3 of this subsection, the timeline for issuing a final decision begins at the expiration of this 30-calendar-day period.

c. Except where the parties have jointly agreed to waive the resolution process or to use mediation, notwithstanding subdivisions 2 a and 2 b of this subsection, the failure of the parent filing a due process notice to participate in the resolution meeting delays the timelines for the resolution process and the due process hearing until the meeting is held.

d. If the local educational agency is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made (and documented as required to gain parental consent), the local educational agency may at the conclusion of the 30-calendar-day period, request that a special education hearing officer dismiss the parent's due process request.

e. If the local educational agency fails to hold the resolution meeting specified in subdivision 1 a of this subsection within 15 calendar days of receiving notice of a parent's request for due process or fails to participate in the resolution meeting, the parent may seek the intervention of a special education hearing officer to begin the due process hearing timeline.

3. Adjustments to 30-calendar-day resolution period. The 45-calendar-day timeline for the due process starts the day after one of the following events:

a. Both parties agree in writing to waive the resolution meeting;

b. After either the mediation or resolution meeting starts but before the end of the 30-calendar-day period,

Regulations

the parties agree in writing that no agreement is possible; or

c. If both parties agree in writing to continue the mediation at the end of the 30-calendar-day resolution period, but later, the parent or local educational agency withdraws from the mediation process.

4. Written settlement agreement. If a resolution to the dispute is reached at the meeting described in subdivisions 1 a and 1 b of this subsection, the parties shall execute a legally binding agreement that is:

a. Signed by both the parent and a representative of the local educational agency who has the authority to bind the local educational agency; and

b. Enforceable in any Virginia court of competent jurisdiction or in a district court of the United States.

5. Agreement review period. If the parties execute an agreement pursuant to subdivision 4 of this subsection, a party may void the agreement within three business days of the agreement's execution.

6. The special education hearing officer shall ensure that, not later than 45 calendar days after the expiration of the 30-calendar-day period under subdivision 2 or the adjusted time periods described in subdivision 4 of this subsection:

a. A final decision is reached in the hearing; and

b. A copy of the decision is mailed to each of the parties.

7. The special education hearing officer shall document in writing, within five business days, changes in hearing dates or extensions and send documentation to all parties and the Virginia Department of Education.

8. Each hearing involving oral arguments shall be conducted at a time and place that is reasonably convenient to the parent(s) and child involved.

9. The local educational agency is not required to schedule a resolution session if the local educational agency requests the due process hearing. The 45-day timeline for the special education hearing officer to issue the decision after the local educational agency's request for a due process hearing is received by the parent(s) and the Virginia Department of Education. However, if the parties elect to use mediation, the 30-day resolution process is still applicable.

P. Timelines for expedited due process hearings. (34 CFR 300.532(c))

1. The expedited due process hearing shall occur within 20 school days of the date the due process request is received. The special education hearing officer shall make a determination within 10 school days after the hearing.

2. Unless the parents and LEA agree in writing to waive the resolution meeting or agree to use the mediation process described in 8VAC20-81-190:

a. A resolution meeting shall occur within seven days of receiving notice of the due process complaint; and

b. The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 days of the receipt of the due process complaint.

3. Document in writing within five business days any changes in hearing dates and send documentation to all parties and the Virginia Department of Education.

Q. Costs of due process hearing and attorneys' fees. (34 CFR 300.517)

1. The costs of an independent educational evaluation, special education hearing officer, court reporters, and transcripts that are incidental to the hearing are shared equally by the local educational agency and the Virginia Department of Education. Costs for any of these services incurred by a party for the specific benefit of that party's case are the responsibility of that party.

2. The local educational agency is responsible for its own attorneys' fees.

3. The parent(s) are responsible for their attorneys' fees. If the parent(s) is the prevailing party, the parent(s) has the right to petition either a state circuit court or a federal district court for an award of reasonable attorneys' fees as part of the costs.

4. A state circuit court or a federal district court may award reasonable attorneys' fees as part of the costs to the parent(s) of a child with a disability who is the prevailing party.

5. The court may award reasonable attorneys' fees only if the award is consistent with the limitations, exclusions, exceptions, and reductions in accordance with the Act and its implementing regulations and 8VAC20-81-310.

R. Right of appeal. (34 CFR 300.516)

1. A decision by the special education hearing officer in any hearing, including an expedited hearing, is final and binding unless the decision is appealed by a party in a state circuit court or federal district court within 90 days of the issuance of the decision. The appeal may be filed in either a state circuit court or a federal district court without regard to the amount in controversy. The district courts of the United States have jurisdiction over actions brought under §1415 of the Act without regard to the amount in controversy.

2. On appeal, the court receives the record of the administrative proceedings, hears additional evidence at the request of a party, bases its decision on a preponderance of evidence, and grants the relief that the court determines to be appropriate.

3. If the special education hearing officer's decision is appealed in court, implementation of the special education hearing officer's order is held in abeyance except in those cases where the special education hearing officer has agreed with the child's parent(s) that a change in placement is appropriate in accordance with subsection G of this section. In those cases, the special education hearing officer's order shall be implemented while the case is being appealed.

4. If the special education hearing officer's decision is not implemented, a complaint may be filed with the Virginia Department of Education for an investigation through the provisions of 8VAC20-81-200.

S. Nothing in this chapter prohibits or limits rights under other federal laws or regulations. (34 CFR 300.516)

8VAC20-81-220. Surrogate parent procedures.

A. Role of surrogate parent. The surrogate parent appointed in accordance with this section represents the child in all matters relating to the identification, evaluation, or educational placement of the child; or the provision of a free appropriate public education to the child. (34 CFR 300.519(g))

B. Appointment of surrogate parents.

1. Children, aged two to 21, inclusive, who are suspected of having or determined to have disabilities do not require a surrogate parent if:

a. The biological parent(s) or guardians are allowing relatives or private individuals to act as a parent;

b. The child is in the custody of the local department of social services or a licensed child-placing agency, and termination of parental rights has been granted by a juvenile and domestic relations district court of competent jurisdiction in accordance with §16.1-283, 16.1-277.01, or 16.1-277.02 of the Code of Virginia. The foster parent for that child may serve as the parent of the child for the purposes of any special education proceedings; or

c. The child is in the custody of a local department of social services or a licensed child-placing agency, and a permanent foster care placement order has been entered by a juvenile and domestic relations district court of competent jurisdiction in accordance with §63.2-908 of the Code of Virginia. The permanent foster parent named in the order for that child may

serve as the parent of the child for the purposes of any special education proceedings.

2. The local educational agency shall appoint a surrogate parent for a child, aged two to 21, inclusive, who is suspected of having or determined to have a disability when: (34 CFR 300.519(a))

a. No parent, as defined in 8VAC20-81-10, can be identified;

b. The local educational agency, after reasonable efforts, cannot discover the whereabouts of a parent;

c. The child is a ward of the state; or

d. The child is an unaccompanied homeless youth as defined in §725(6) of the McKinney-Vento Homeless Assistance Act (42 USC §1143a(6)) and §22.1-3 of the Code of Virginia.

3. The local educational agency shall appoint a surrogate parent as the educational representative for a child who reaches the age of majority if the local educational agency has received written notification that the child is not competent to provide informed consent in accordance with 8VAC20-81-180 C 3 or C 4 and no family member is available to serve as the child's educational representative.

4. If the child is a ward of the state, the judge overseeing the child's case may appoint a surrogate parent as the educational representative of the child. The appointed surrogate shall meet the requirements of subdivision D 1 c of this section. (34 CFR 300.519(c))

5. The local educational agency shall establish procedures for determining whether a child needs a surrogate parent. (34 CFR 300.519(b))

6. The local educational agency shall establish procedures for assigning a surrogate parent to an eligible child. The surrogate parent shall be appointed by the local educational agency superintendent or designee within 30 calendar days of the determination that a surrogate parent is necessary. (34 CFR 300.519(b) and (h))

a. The appointment having been effected, the local educational agency shall notify in writing:

(1) The child with a disability, aged two to 21, inclusive, as appropriate to the disability;

(2) The surrogate parent-appointee; and

(3) The person charged with responsibility for the child.

b. The surrogate parent serves for the duration of the school year for which the surrogate parent is appointed

Regulations

unless a shorter time period is appropriate given the content of the child's IEP.

c. If the child requires the services of a surrogate parent during the summer months, the local educational agency shall extend the appointment as needed, consistent with timelines required by law.

d. At the conclusion of each school year, the appointment of surrogate parents shall be renewed or not renewed following a review by the local educational agency.

7. Each local educational agency shall establish procedures that include conditions and methods for changing or terminating the assignment of a surrogate parent before that surrogate parent's appointment has expired. Established procedures shall provide the right to request a hearing to challenge the qualifications or termination if the latter occurs prior to the end of the term of appointment. The assignment of a surrogate parent may be terminated only when one or more of the circumstances occur as follows:

a. The child reaches the age of majority and rights are transferred to the child or to an educational representative who has been appointed for the child in accordance with the procedures in 8VAC20-81-180;

b. The child is found no longer eligible for special education services;

c. Legal guardianship for the child is transferred to a person who is able to carry out the role of the parent;

d. The parent(s), whose whereabouts were previously unknown, are now known and available; or

e. The appointed surrogate parent is no longer eligible according to subsection D of this section.

C. Identification and recruitment of surrogate parents.

1. The local educational agency shall develop and maintain a list of individuals within its jurisdiction who are qualified to serve as surrogate parents. It may be necessary for the local educational agency to go beyond jurisdictional limits in generating a list of potentially qualified surrogate parents.

2. Individuals who are not on the local educational agency list may be eligible to serve as surrogate parents, subject to the local educational agency's discretion. In such situations, the needs of the individual child and the availability of qualified persons who are familiar with the child and who would otherwise qualify shall be considerations in the local educational agency's determination of surrogate eligibility. Other factors that warrant the local educational agency's attention include:

a. Consideration of the appointment of a relative to serve as surrogate parent;

b. Consideration of the appointment of a foster parent who has the knowledge and skills to represent the child adequately;

c. Consideration of the appointment of a qualified person of the same racial, cultural, or linguistic background as the child; and

d. The appropriateness of the child's participation in the selection of the surrogate parent.

D. Qualifications of surrogate parents. (34 CFR 300.519(d), (e), and (f))

1. The local educational agency shall ensure that a person appointed as a surrogate:

a. Has no personal or professional interest that conflicts with the interest of the child;

b. Has knowledge and skills that ensure adequate representation of the child;

c. Is not an employee of the Virginia Department of Education, the local educational agency, or any other agency that is involved in the education or care of the child; and

d. Is of the age of majority.

2. A person who otherwise qualifies to be a surrogate parent is not an employee of the agency solely because the person is paid by the agency to serve as a surrogate parent.

3. If the child is an unaccompanied homeless youth, appropriate staff of an emergency shelter, transition shelter, independent living program, or street outreach program may be appointed as a temporary surrogate even though the staff member is an employee of an agency that is involved in the education or care of the child. The temporary surrogate shall otherwise meet the qualifications of a surrogate, and may serve only until a surrogate parent meeting all of the qualifications outlined in this section can be assigned.

E. Rights of surrogate parents. The surrogate parent, when representing the child's educational interest, has the same rights as those accorded to parents under this chapter. (34 CFR 300.519(g)).

8VAC20-81-230. Local educational agency administration and governance.

A. The local educational agency shall ensure that the rights and protections under this chapter are given to children with disabilities for whom it is responsible, including children placed in private schools.

B. Plans, applications, and reports. (§22.1-215 of the Code of Virginia; 34 CFR 300.200 and 34 CFR 300.212)

1. The local educational agency shall prepare annually and submit to the Virginia Department of Education an application for funding under Part B of the Act in accordance with the requirements outlined by the Virginia Department of Education. The annual plan shall include:

a. Assurances that the local educational agency has in effect policies and procedures for the provision of special education and related services in compliance with the requirements of the Act, the policies and procedures established by the Virginia Board of Education, and any other relevant federal and state laws and regulations;

b. A report indicating the extent to which the annual plan for the preceding period has been implemented;

c. Budgets outlining the use of the federal funds; and

d. A copy of the local school division's interagency agreement regarding the provision of special education and related services in a regional or local jail, if applicable, in accordance with subdivision G 2 of this section.

2. Prior to submission to the Virginia Department of Education, the annual plan shall be reviewed by the local school division's local advisory committee, and approved by the local school board. State-operated programs, the Virginia School for the Deaf and Blind at Staunton, and the Virginia School for the Deaf, Blind, and Multi-Disabled at Hampton shall submit their annual plan to the state special education advisory committee for review prior to submission to the Virginia Department of Education.

3. The local educational agency shall ensure that the annual plan, and all required special education policies and procedures, including the revisions to those policies and procedures, which are necessary for ensuring a free appropriate public education to a child, are available for public inspection.

C. Provision of or payment for special education and related services. (34 CFR 300.154(b))

1. If any public noneducational agency is otherwise obligated under federal or state law, regulation, or policy to provide or pay for any services that are also considered special education or related services that are necessary for ensuring a free appropriate public education to children with disabilities, the public noneducational agency shall fulfill that obligation or responsibility, either directly or through contract or other arrangement. A public noneducational agency may not disqualify an eligible service for Medicaid

reimbursement because that service was provided in a school context.

2. If any public noneducational agency fails to provide or pay for the special education and related services described in subdivision 1 of this subsection, the local educational agency shall provide or pay for the services to the child in a timely manner. The local educational agency may then claim reimbursement for the services from the public noneducational agency that failed to provide or pay for the services and that agency shall reimburse the local educational agency in accordance with the terms of the interagency agreement described in subdivision 21 of 8VAC20-81-20.

D. Local advisory committee. A local advisory committee for special education, appointed by each local school board, shall advise the school board through the division superintendent.

1. Membership.

a. A majority of the committee shall be parents of children with disabilities or individuals with disabilities.

b. The committee shall include representation of gender and the ethnic population of the local school division.

2. The functions of the local advisory committee shall be as follows:

a. Advise the local school division of needs in the education of children with disabilities;

b. Participate in the development of priorities and strategies for meeting the identified needs of children with disabilities;

c. Submit periodic reports and recommendations regarding the education of children with disabilities to the division superintendent for transmission to the local school board;

d. Assist the local school division in interpreting plans to the community for meeting the special needs of children with disabilities for educational services;

e. Review the policies and procedures for the provision of special education and related services prior to submission to the local school board; and

f. Participate in the review of the local school division's annual plan, as outlined in subdivision B 2 of this section.

3. Public notice shall be published annually listing the names of committee members and including a description of ways in which interested parties may express their views to the committee.

Regulations

4. Committee meetings shall be held at least four times in a school year and shall be open to the public.

E. Regional special education programs. (§22.1-218 of the Code of Virginia; Jointly Owned and Operated Schools and Jointly Operated Programs (8VAC20-280))

1. If it becomes necessary for local school divisions to develop regional programs to serve children with disabilities residing within their jurisdiction, such regional programs shall be provided in accordance with the least restrictive environment requirements specified in 8VAC20-81-130.

2. If local school divisions elect to participate in an approved regional program for the provision of special education and related services for certain children with disabilities, a joint board shall be established to manage and control the jointly owned or operated program, center, or school. Establishment of the joint board and administration of the jointly owned and operated program shall be conducted in accordance with the Virginia Board of Education regulations governing such programs.

3. Each joint board shall appoint a qualified director who shall be the administrative head of the regional program. The director shall be responsible for the administration of programs and services that are approved by the joint board.

F. Transition from infant and toddler programs to early childhood special education programs. (34 CFR 300.124)

1. Children who are participating in early intervention programs under Part C of the Act and who will participate in preschool programs under Part B shall be afforded a smooth and effective transition to the preschool programs in a manner consistent with the Virginia lead agency's Part C early intervention policies and procedures.

2. The local school division shall participate in transition planning conferences when notified by the designated local Part C early intervention agency (not less than 90 days and not more than nine months before the child is eligible for preschool services), in accordance with 34 CFR 303.148(b).

3. A child with a disability whose second birthday falls on or before September 30 may begin attending Part B preschool programs at the start of the school year if:

- a. The child meets the Part B eligibility criteria; and
- b. An IEP has been developed and signed by the parent(s).

G. Programs for children with disabilities in regional or local jails. (34 CFR 300.121 and 34 CFR 300.122)

1. Each local school division with a regional or local jail in its jurisdiction shall be responsible for the provision of special education and related services to all eligible children with disabilities incarcerated in the jail for more than 10 calendar days.

2. Each local school division with a regional or local jail in its jurisdiction shall establish an interagency agreement with the sheriff or jail administrator responsible for the regional or local jail. The interagency agreement shall address staffing and security issues associated with the provision of special education and related services in the jail. A copy of this agreement shall be submitted with the annual plan specified in subsection B of this section. (34 CFR 300.121 and 34 CFR 300.122)

H. Each local educational agency shall cooperate with the U.S. Department of Education's efforts under §1308 of the ESEA to ensure the linkage of records pertaining to migratory children with disabilities for the purpose of electronically exchanging, among the states, health and educational information regarding those children. (34 CFR 300.213)

I. Early Intervening Services. Each local educational agency shall implement early intervening services in accordance with the provisions of 8VAC20-81-260 H. (34 CFR 300.226)

J. Access to instructional materials.

1. Each local educational agency shall ensure that children with disabilities who need instructional materials in accessible formats are provided those materials in a timely manner. (34 CFR 300.172(b) and (c))

2. To meet the requirements of subdivision 1 of this subsection for blind persons or other persons with print disabilities, the local educational agency may coordinate with the National Instructional Materials Access Center (NIMAC). (34 CFR 300.172(a) and (c))

a. The local educational agency shall provide an assurance to the Virginia Department of Education that the local educational agency will provide instructional materials to blind persons or other persons with print disabilities in a timely manner. This assurance shall be provided as part of the Annual Plan requirements outlined in subsection B of this section.

b. Each local educational agency shall inform the Virginia Department of Education on an annual basis whether or not it chooses to coordinate with the NIMAC.

c. If the local educational agency coordinates with the NIMAC, the agency, as part of any print instructional materials adoption process, procurement contract, or

other practice or instrument used for the purchase of print instructional materials, shall enter into a written contract with the publisher of the print instructional materials to do the following:

(1) Require the publisher to prepare and, on or before delivery of the print instructional materials, provide to the NIMAC electronic files containing the contents of the print instructional materials using the NIMAS; or

(2) Purchase instructional materials from the publisher that are produced in, or may be rendered in, specialized formats.

d. The requirements of subdivision J 2 c of this section shall apply to print instructional materials published after July 19, 2006.

3. Nothing in this subsection relieves a local educational agency of its responsibility to ensure that children with disabilities who need instructional materials in accessible formats, but who are not included under the definition of blind or other persons with print disabilities or who need materials that cannot be produced from NIMAS files, receive those instructional materials in a timely manner. (34 CFR 300.172(b))

4. Definitions applicable to this subsection.

a. The term "timely manner" has the same meaning as the defined in 8VAC20-81-10.

b. The term, "blind or other person with print disabilities" means children with disabilities who qualify to receive books and other publications produced in specialized formats. A child with a disability qualifies under this provision if the child meets one of the following criteria: (2 USC §135a; 36 CFR 701.6(b)(1) and 34 CFR 300.172(a) and (e))

(1) Blind person whose visual acuity, as determined by competent authority, is 20/200 or less in the better eye with correcting glasses, or whose widest diameter of visual field subtends an angular distance no greater than 20 degrees;

(2) Person whose visual disability, with correction and regardless of optical measurement, is certified by competent authority as preventing the reading of standard printed material;

(3) Person certified by competent authority as unable to read or unable to use standard printed material as a result of physical limitation; or

(4) Person certified by competent authority as having a reading disability resulting from organic dysfunction and of sufficient severity to prevent their reading printed material in a normal manner.

c. The term "competent authority" is defined as follows: (2 USC §135a; 36 CFR 701.6(b)(2))

(1) In cases of blindness, visual disability or physical limitations: doctors of medicine, doctors of osteopathy, ophthalmologists, optometrists, registered nurses, therapists, professional staff of hospitals, institutions, and public or welfare agencies (e.g., social workers, case workers, counselors, rehabilitation teachers, and superintendents).

(2) In the case of a reading disability from organic dysfunction: doctors of medicine who may consult with colleagues in associated disciplines.

d. The term "print instructional materials" means printed textbooks and related printed core materials that are written and published primarily for use in elementary school and secondary school instruction and are required by the Virginia Department of Education or the local educational agency for use by students in the classroom. (20 USC §1474(e)(3)(C))

e. The term "specialized formats" has the meaning given the term in 17 USC §121(d)(3), and means Braille, audio, or digital text that is exclusively for use by blind or other persons with disabilities, and with respect to print instructional materials, include large print formats when such materials are distributed exclusively for use by blind or other persons with disabilities. (20 USC §1474(e)(3)(D))

Part IV Funding

8VAC20-81-240. Eligibility for funding.

A. Each local school division and state-operated program shall maintain current policies and procedures and supporting documentation to demonstrate compliance with the Act and the Virginia Board of Education regulations governing the provision of special education and related services, licensure and accreditation. Changes to the local policies and procedures shall be made as determined by local need, as a result of changes in state or federal laws or regulations, as a result of required corrective action, or as a result of decisions reached in administrative proceedings, judicial determinations, or other findings of noncompliance. (34 CFR 300.220)

B. All disbursement is subject to the availability of funds. In the event of insufficient state funds, disbursement may be prorated pursuant to provisions of the Virginia Appropriation Act.

8VAC20-81-250. State funds for local school divisions.

A. State funds to assist local school divisions with the cost of providing special education and related services for children with disabilities shall be provided through the

Regulations

Virginia Department of Education's appropriation as provided in this section.

B. Children with disabilities enrolled in programs operated by a local school board:

1. Public school programs. In addition to the funds received for each pupil from state basic aid, local school divisions shall receive payment to support the state share of the number of special education teachers and paraprofessionals required by the Standards of Quality. (Chapter 13.2 (§22.1-253.13:1 et seq.) of Title 22.1 of the Code of Virginia)

2. Homebound instruction. Subject to availability, local school divisions shall receive funds to assist with the cost of educating students who are temporarily confined for medical or psychological reasons. Such students may continue to be counted in the average daily membership (ADM) while receiving homebound instruction. In addition, costs will be reimbursed based on the composite index, the hourly rate paid to homebound teachers by the local educational agency, and the number of instructional hours delivered. Reimbursement is made in the year following delivery of instruction. (Regulations Establishing Standards for Accrediting Public Schools in Virginia (8VAC20-131))

C. Children with disabilities enrolled in regional special education programs: (§22.1-211 and 22.1-218 of the Code of Virginia)

1. Subject to availability, reimbursement may be made available for a portion of the costs associated with placement of children with disabilities in public regional special education programs pursuant to policies and procedures established by the Virginia Board of Education.

2. Such reimbursement shall be in lieu of the state per pupil basic aid otherwise available for each child.

D. Applicability of least restrictive environment and FAPE provision in state-funded placements. No state-funding mechanism shall result in placements that deny children with disabilities their right to be educated with children without disabilities to the maximum extent appropriate, or otherwise result in a failure to provide a child with a disability a free appropriate public education. (34 CFR 300.114(b))

E. Children with disabilities receiving special education and related services in regional or local jails. Local school divisions are reimbursed for the instructional costs of providing required special education and related services to children with disabilities in regional or local jails. (Virginia Appropriation Act)

F. Funds under the Comprehensive Services Act for At-Risk Youth and Families. (§2.2-5211 through 2.2-5212 of the Code of Virginia)

1. Funds are available under the Comprehensive Services Act to support the cost of:

a. Special education and related services for children with disabilities whose IEPs specify private day or private residential placement;

b. Certain nonspecial education services for children with disabilities whose Comprehensive Services Act team identifies that such services are necessary to maintain the child in a less restrictive special education setting, in accordance with Comprehensive Services Act requirements; and

c. Special education and related services for children with disabilities who are placed by a Comprehensive Services Act team in a private residential placement for noneducational reasons.

2. Local school divisions shall be responsible for payment of transportation expenses associated with implementing the child's IEP.

3. Comprehensive Services Act reimbursement requirements shall be applicable.

4. When a parent unilaterally places a child with a disability in an approved private nonsectarian school for children with disabilities, the local school division shall not be responsible for the cost of the placement. If a special education hearing officer or court determines that such placement, rather than the IEP proposed by the local school division, is appropriate and no appeal is perfected from that decision, the local school division is responsible for placement and funds are available under the Comprehensive Services Act to support the costs.

G. Reimbursement shall be made for the education of children with disabilities who: (§22.1-101.1 B and C of the Code of Virginia)

1. Have been placed in foster care or other custodial care within the geographical boundaries of the school division by a Virginia agency;

2. Have been placed in an orphanage or children's home, which exercises legal rights; or

3. Is a resident of Virginia, and has been placed, not solely for school purposes, in a child-caring institution or group home licensed in accordance with the Code of Virginia.

8VAC20-81-260. Federal funds.

A. In accordance with the provisions of the Act, the Virginia Department of Education disburses the federal funds that are available under Part B of the Act to assist

local educational agencies with the excess cost of providing special education and related services to eligible children with disabilities. The local educational agency shall submit an annual plan to the Virginia Department of Education describing the use of such funds in accordance with subsection B of 8VAC20-81-230. (34 CFR 300.200; 34 CFR 76.301).

B. Excess costs means those costs that are in excess of the average annual per student expenditure in a local educational agency during the preceding school year for an elementary school or secondary school student as may be appropriate, and that shall be computed after deducting:

1. Amounts received under Part B of the Act;
2. Amounts received under Part A of Title I of the ESEA;
3. Amounts received under Parts A and B of Title III of the ESEA; or
4. Any state or local funds expended for programs that would qualify for assistance under any of the parts described in subdivision 1, 2, or 3 of this subsection but excluding any amounts for capital outlay and debt service.

A local educational agency meets the excess cost requirement if it has spent at least a minimum average amount for the education of its children with disabilities in state and local funds before funds under Part B of the Act are used. (See 34 CFR Part 300, Appendix A for an example of how excess costs shall be calculated.) (34 CFR 300.16, 34 CFR 300.202 and Appendix A)

C. A local educational agency complies with the maintenance of effort requirement in establishing its eligibility for an award in a fiscal year if the local educational agency budgets the same total or per capita amount in state and local funds as it spent from the same sources to educate children with disabilities in the most recent prior year for which information is available. (34 CFR 300.203)

D. Part B funds may be used to supplement, but shall not be used to supplant state and local expenditures for special education and related services, and shall not be used to reduce the level of expenditures for the education of children with disabilities made by the local school division from the local funds below the level of those expenditures for the preceding year, except under certain conditions specified under the Act. (34 CFR 300.202, 34 CFR 300.203 and 34 CFR 300.204)

E. The amount of Part B funds determined to be available for each local educational agency is based upon the formulas specified under the Act. (34 CFR 300.705 and 34 CFR 300.816)

F. A local educational agency may use Part B funds to implement a schoolwide program under §1114 of the ESEA, except that the amount of Part B funds used in any fiscal year shall not exceed the amount of total Part B funds received that year, divided by the number of children with disabilities in the jurisdiction, and multiplied by the number of children with disabilities participating in the schoolwide program. Part B funds used for this purpose are not subject to other Part B funding requirements, but the local educational agency shall ensure that all children with disabilities in schoolwide program schools: (34 CFR 300.206)

1. Receive services in accordance with a properly developed IEP; and
2. Are afforded all of the rights and services guaranteed to children with disabilities under the Act.

G. Children without disabilities may benefit from the expenditure of Part B funds when special education and related services and supplementary aids and services are provided in a regular class or other education-related setting to a child with a disability in accordance with the IEP of the child. (34 CFR 300.208)

H. Early intervening services. (34 CFR 300.226 and 34 CFR 300.646)

1. Children who are not currently identified as needing special education or related services may need additional academic and behavioral supports to succeed in a general education environment. These supports may be in the form of early intervening services.

Early intervening services apply to children in kindergarten through grade 12, with a particular emphasis on students in kindergarten through grade three.

2. To develop and implement coordinated, early intervening services, which may include interagency financing structures, a local school division may not use more than 15% of the amount the school division receives under Part B of the Act for any fiscal year. The 15% is less any amount reduced by the local school division pursuant to 34 CFR 300.205, if any, in combination with other amounts (which may include amounts other than education funds).

3. In implementing coordinated, early intervening services under this section, a local educational agency may carry out activities that include:

- a. Professional development (which may be provided by entities other than local educational agencies) for teachers and other school staff to enable such personnel to deliver scientifically based academic and behavioral interventions, including scientifically based

Regulations

literacy instruction, and, where appropriate, instruction on the use of adaptive and instructional software; and

b. Providing educational and behavioral evaluations, services, and supports, including scientifically based literacy instruction.

4. Nothing in this section shall be construed to either limit or create a right to a free appropriate public education under Part B of the Act or to delay appropriate evaluation of a child suspected of having a disability.

5. Each LEA that develops and maintains coordinated, early intervening services under this section shall annually report to the Virginia Department of Education on:

a. The number of children served under this section who received early intervening services; and

b. The number of children served under this section who received early intervening services and subsequently receive special education and related services under Part B of the Act during the preceding two-year period.

6. Funds made available to carry out this section may be used to carry out coordinated, early intervening services aligned with activities funded by, and carried out under the ESEA if those funds are used to supplement, and not supplant, funds made available under the ESEA for the activities and services assisted under this section.

7. The amount of funds expended by a local educational agency for early intervening services shall count toward the maximum amount of expenditures that the LEA may reduce when determining compliance with the requirement for maintenance of effort.

8. If the Virginia Department of Education determines significant disproportionality based on race and ethnicity is occurring in a local educational agency in the identification of children with disabilities, or the placement of identified children in a particular educational setting, the local educational agency shall:

a. Use 15% of its Part B funds to provide comprehensive coordinated early intervening services particularly, but not exclusively, to those groups that were significantly overidentified; and

b. Publicly report on the revision of policies, practices, and procedures used in the identification and placement of children with disabilities.

I. If the Virginia Department of Education determines that a local school division is adequately providing a free appropriate public education to all children with disabilities residing in the area served by that school division with state and local funds, the department may

A local educational agency may use Medicaid or other public benefits or insurance programs in which a child participates to provide or pay for services required under this chapter and as permitted under the public benefits or insurance program except as provided in subdivision 2 of this subsection.

2. With regard to services required to provide a free appropriate public education to an eligible child with a disability, a local educational agency:

a. Shall provide notice to the parent(s) that the local educational agency:

(1) May not require the parent(s) to sign up for or enroll in public insurance programs in order for their child to receive a free appropriate public education;

(2) May not require the parent(s) to incur any out-of-pocket expense, such as the payment of a deductible or co-pay amount incurred in filing a claim for services provided pursuant to this section, but in accordance with subsection C of this section may pay the cost that the parent(s) otherwise would be required to pay; and

(3) May not use a child's benefits under a public benefits or insurance program if that use would:

(a) Decrease available lifetime coverage or any other insured benefit;

(b) Result in the family's paying for services that would otherwise be covered by the public benefits or insurance program and that are required for the child outside of the time the child is in school;

(c) Increase premiums or lead to the discontinuation of benefits insurance; or

(d) Risk loss of eligibility for home and community-based waivers, based on aggregate health-related expenditures.

B. Children with disabilities who are covered by private insurance. (34 CFR 300.154(e))

1. With regard to services required to provide a free appropriate public education to an eligible child under this chapter, a local educational agency may access a parent's private insurance proceeds only if the parent provides informed consent.

accordance with the provisions of the Management of the Student's Scholastic Record in the Public Schools of Virginia (8VAC20-150); and

C. Use of Part B funds. (34 CFR 300.154(f))

1. If a local educational agency is unable to obtain parental consent to use the parent's private insurance, or public benefits or insurance when the parent(s) would incur a cost for a specified service required under this chapter to ensure a free appropriate public education, the local educational agency may use its Part B funds under the Act to pay for the service.

2. To avoid financial cost to a parent who otherwise would consent to use private insurance, or public benefits or insurance if the parent would incur a cost, the local educational agency may use its Part B funds to pay the costs the parent otherwise would have to pay to use the parent's insurance (e.g., deductible or co-pay amounts).

D. Proceeds from public or private insurance. (34 CFR 80.25 and 34 CFR 300.154(g))

1. Proceeds from public benefits or insurance or private insurance is not treated as program income for purposes of the Education Department General Administrative Regulations.

2. If a local educational agency spends reimbursements from federal funds (e.g., Medicaid) for services under this chapter, those funds are not considered state or local funds for purposes of the maintenance of effort provisions.

E. Nothing in this chapter should be construed to alter the requirements imposed on a state Medicaid agency or any other agency administering a public benefits or insurance program by federal law, regulations, or policy under title XIX or title XXI of the Social Security Act, or any other public benefits or insurance program. (34 CFR 300.154(h))

2. To a prevailing party who is a local educational agency or the Virginia Department of Education against the attorney of a parent who files a request for due

process or subsequent cause of action that is frivolous, unreasonable, or without foundation, or against the attorney of a parent who continued to litigate after the litigation clearly became frivolous, unreasonable, or without foundation; or

3. To a prevailing party who is a local educational agency or the Virginia Department of Education against the attorney of a parent, or against the parent, if the parent's request for a due process hearing, or subsequent cause of action was presented for any improper purpose, such as to harass, to cause unnecessary delay, or to needlessly increase the cost of litigation.

B. Funds under Part B may not be used to pay attorneys' fees or costs of a party related to any action or proceeding under §1415 and Subpart E of the Act. This section does not preclude a local educational agency from using funds under the Act for conducting an action or proceeding under §1415 of the Act. (34 CFR 300.517(b))

C. A court awards reasonable attorneys' fees under §1415 of the Act consistent with the following: (34 CFR 300.517(c))

1. Determination of amount of attorneys' fees. Fees awarded under §1415 of the Act shall be based on rates prevailing in the community in which the action or proceeding arose for the kind and quality of services furnished. No bonus or multiplier may be used in calculating the fees awarded under this subsection.

2. Prohibition of attorneys' fees and related costs for certain services.

a. Attorneys' fees may not be awarded and related costs may not be reimbursed in any action or proceeding under §1415 of the Act for services performed subsequent to the time of a written offer of settlement to a parent(s) if:

(1) The offer is made within the time prescribed by Rule 68 of the Federal Rules of Civil Procedure or, in the case of an administrative proceeding, at any time more than 10 calendar days before the proceeding begins;

(2) The offer is not accepted within 10 calendar days; and

(3) The court or administrative special education hearing officer finds that the relief finally obtained by the parent(s) is not more favorable to the parent(s) than the offer of settlement.

b. Attorneys' fees may not be awarded relating to any meeting of the IEP team unless the meeting is convened as a result of an administrative proceeding or judicial action, or for a mediation session.

Regulations

c. A resolution session convened in accordance with 8VAC20-81-210 will not be considered:

(1) A meeting convened as a result of an administrative hearing or judicial action; or

(2) An administrative hearing or judicial action for purposes of this subsection.

3. Exception to prohibition on attorneys' fees and related costs. Notwithstanding subdivision 2 of this subsection, an award of attorneys' fees and related costs may be made to a parent(s) who is the prevailing party and who was substantially justified in rejecting the settlement offer.

4. Reduction of amount of attorneys' fees. Except as provided in subdivision 5 of this subsection, the court reduces, accordingly, the amount of the attorneys' fees awarded under this chapter if the court finds that:

a. The parent(s), or the parent's attorney, during the course of the action or proceeding, unreasonably protracted the final resolution of the controversy;

b. The amount of the attorneys' fees otherwise authorized to be awarded unreasonably exceeds the hourly rate prevailing in the community for similar services by attorneys of reasonably comparable skill, reputation, and experience;

c. The time spent and legal services furnished were excessive considering the nature of the action or proceeding; or

d. The attorney representing the parent(s) did not provide to the local educational agency the appropriate information in the request for a due process hearing in accordance with this chapter.

5. Exception to reduction in amount of attorneys' fees. The provisions of subdivision 4 of this subsection do not apply in any action or proceeding if the court finds that the Virginia Department of Education or the local educational agency unreasonably protracted the final resolution of the action or proceeding or there was a violation of §1415 of the Act.
